***

The new year started off with a bang with appearance of VU2ANI/VU5 who originally planned to be on three or four weeks. They have been on 20 CW both mornings and evenings, usually around 14050 to 14065 and on short path to W5-land. QSL's go to W8PQQ with SASE of course.

Also creating big pile-ups morning and evenings is ZM6AP/ZM7 (14040) with VR2DA at the key. Signals from the Pacific have been poor but you should be able to get him if you hurry. Reports are they will be there only four or five more days. QSL's go via W7PHO and any donations will be gratefully received since the cost of chartering the boat for the trip cost over $3,000.

Scheduled for mid-January (rumors of delay) is DX-pedition to MALPELO Island which is Colombian territory, and not previously covered by Amateur Radio. Besides several prominent HK's the party includes W3PZW, W4KVX, and W9EVI. They will have three 24-hour stations working plus one called "Rover" which will move at random from band to band and mode to mode, and concentrating on DX and overseas stations. They plan a five day stay on the island. This is in celebration of the 150th Anniversary of the Independence of Colombia. W9EVI who sends the information promises further instructions on frequencies, QSL's etc.

From conversations heard on the air it appears that many had the idea the above Island was being covered by HC8JU about whom there are many rumors. In QSO with Monte this week he stated that "when we are stopped with the hook down we are on land". They have been moving from island to island and when underway operate as HC9JU. Monte works full time for the U.N. and will be helping the Government of Ecuador for the next two years. They are on their way back to the mainland by now.

Look for JA1ACB from Marcus Island January 14 and 15, CW only. Marcus is about 1000 miles from Japan and may be a new one. (K5BGB, WØQVZ)

Father Conesa, VU2SX died of a heart attack on November 30. (W5ADZ)

Legitimate stations are AC3SQ, AC3PT, AC4SQ, AC4AX, AC5PM, 9N1GW. (W5ADZ)

A SSB rig has been dropped off in the Fiji's for VR1B by WA6DFH/MM. It is a Ted Henry creation and he should be on by mid-January. (WØJWL)

To those concerned about QSL's of ZK1BS, he has been absent for 6 months since June 1st. Should be back home any time. He does QSL. (W1WDD)

Received a letter from Syd Wagoner, ex-XW8AH and he is in Tunisia with Collins S line ready to go when he gets authority. At present all but two stations have been silenced account of the present status. Syd thinks

his XW8 QSL's have at times got lost. His present QTH is Syd S. Wagoner, U.S.A. Operation Mission of Tunisia, c/o U. S. Embassy, Tunis, Tunisia. (W1WDD)

K6CQV is presently in Pago Pago, American Samoa. No one knows whether or not he has equipment with him. This from WA6DFH/MM via WØJWL with further information that FO8AX should be on SSB on February 27th.

ZK2AB should be on 14mc SSB around January 7th. (K5BGB)

Welcome to new members CE3AGQ, W4SXR, W5EJT, W5HX, K5OPT (XYL of EJT) W7ETK, W9OMY, WØJWL, and WØJYW.

The Secretary will do his best to assist in getting DXCC credit for members whose calls were submitted for Ranger Applications. However, it is regretted that through the years some applications have gone astray. In addition when an applicant sent QSL cards instead of a log, the cards were returned to the applicant and no record made of the calls.

Again, the number appearing on your address label indicates month your membership expires. If a 1 in on yours send renewal to Jack Swanson, W5PM, 9015 Linkmeadow Lane, Houston 25, Texas, sometime before end of the month. Still have a few WPX record books and application blanks on hand if you need one.

###

Bill, W7PHO advises that after much confusion about calls, the cards are printed and all will be ZM7DA. As of January 9th they had around 2500 contacts so sending out the cards will be a time consuming job but they expect to have all answered in six to twelve months. In all fairness to those helping financially special handling will be given their cards. The contributions are especially appreciated since the storm more than doubled the cost of the trip. They expect to receive the logs by 20th of January. According to W6KBU operations started at 0600 GMT on Jan 6th. Thanks to W5PQA and VK2DA for a job well done.

No further information received on Malpelo Island trip by W3FZW, W4KVX, and W9EVI. TG9AD sends information of another possible trip to this spot. A raft will leave Iztapa, Guatemala, on the Pacific Coast, headed for [illegible] to prove the theory that the Mayans made this trip several thousand years ago. They will have Collins "S" Line equipment and use call TGØOA. Plans call for a landing at Cocos Island, possibly as TI9CA, and Malpelo Island (Call not yet known.). SSB operation only is planned.

ZD2AMS hopes to be on from FD8 on his vacation with probable call FD7AMS. Should start about February 7th with operation on 14, 21, and 28 mcs., AM and CW using VFO. (W6KUT via WA6EYP)

W2SAW QSP's greetings to the members with thanks for their support of his DX Stamp Service the past year. (they sure help get the cards, and cheaper by far than IRC's. ed.)

Letter from VS4BA to W5UX that VS4LG has acquired a HRO 5T with the 14 & 28 mcs coils badly damaged and is hoping to find replacements. If you have or know of any please contact W5UX who will buy and send to him if the cost is not too high.

According to W6ZEN, VS5BY should be back on SSB in February with higher power. Also OY7ML is reported to be about ready to fire up a final with his CE 10-B. (WØJYW)

AP2BH says he and W4ANE are working on expedition to E. Pakistan. (K5BCL)

W1WDD overheard talk of EXpedition to Williston Is. by VK4YV.

The Ted Henry SSB rig is now at FB8 but not yet in operation. (WØJYW)

This has been another week of plenty rumors and little definite information. This has been especially true in the case of JA1ACB. Some were heard that the ZM7 operations were pirates but it is doubtful if any but genuine ZM7 QSO's were had. Other rumors about VU2ANI going also to VU4 but this does not seem likely or definite word would be out by now. Hope another week will see some facts to replace the rumors!!

21 Jan. 1960

Sec-Tr. W5[illegible]

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club--

OK7HZ/YI came on Saturday January 16th and is still using the KWM-1. His operating ability has improved but speak slowly when calling or working him. Has been heard around 1300 GMT long path SSB. (K4RIL)

Original information from W0DSP on OA4EM DXpedition to Galapagos as HC8[illegible] starting about January 18th for a week. All modes on 10, 15, and 20. Latest information they may be on January 27rd but more probably the [illegible] The call was probably supposed to be HC8JC but their license read HC8C and they intend to use it that way. According to W5GEW he will be sh[illegible] based and QSL's are to go via W0MXS. (Dont forget SASE!)

While on the subject of SASE, W8PQQ advises he is being swamped with QSL's that do not include them or IRC. for VU2ANI QSO's. Al expects their [illegible] about the middle of February and those who did not send the customary SELF ADDRESSED STAMPED ENVELOPE will receive in due time via the bureau. He also notes that all contributions will be gratefully received as the rig was shipped to VU2ANI by air and will be returned in the same manner W5KIS stood all the cost of shipping. Send to him or to W8PQQ with your card. Al says they do not plan to operate from VU4 this trip but may come later.

W5CKY was QSO JA1ACB in Tokyo who reported he had been unable to obtain a Visa for Marcus Island but would try again in April. Said there was a fellow on the Island but could not get on the air. (W5GEW)

W5KBU reports that the Malpelo trip has been delayed until mid February. This information he received from W2JT who is the new Pres. of NJDXA.

W6NNV reports working ZL3VH/3 on Chatham Island 0800 on January 16th on 14080 CW. Was running 12 watts apparently xtal control and expected to be there eight more days which should put him QRT about January 24th.

W5EJT heard ZK1AK say that ZM6PD is heading for ZK2-land. Also Gene was [illegible] 2951, Quito, Ecuador. Gene worked HR6AB on 14030 on December 3rd and is in need of his QSL. Can anyone help?

W0OJW received his FG7XC QSL by sending SASE to W5GJY who has the logs at least as far back as April 1958. Can anyone help W0OJW on XW8AA card? Also K4EHA asks help on XZ2TH QSL/

Another nice letter received from Jack Lambert, G3TA who has been on [illegible] after working 350-375 W/K stations in all districts and 36 states. He had hoped to WAS but his QRP and inadequate RX prevented it. He also had about 200 QSO's with about 40 different countries in all Europe. All who send cards to him at his home QTH will be QSL'ed. He sends his best 73 to all the West Gulf DX gang.

THE DX BULLETIN

Published by the West Gulf DX Club
Box 227 - Kerrville, Texas U.S.A.

Pres. W5UEW
V. P. W5VU

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club.

***

The Malpelo trip of W9EVI, W4KVX, W5PZW, etc. has been delayed until late March. Mac explains that the ship they were to use ran aground a few days before then. They had originally planned to charter a seaplane but it would hold only four men plus aid the landing and snake control equipment. They have been told there are thousands of coral snakes afoot, and are being prepared. The same sales of snakeproof boots [illegible] a little luck hope to be in operation around 25th of March.

IS4AZ Swan Island will be active from about 16th through 23rd February. Exact dates uncertain due to transportation schedules. Operators will be W5KA, W4JNE, and W4KFC. During the ARRL DX Test period contacts will be limited to W/K/VE/KL7/KH6 stations. The rest of the time will be devoted to DX work insofar as possible. All QSL's received with self-addressed, stamped envelope (W) or I.R.C. (DX) will be answered direct. List time in GMT and send to W5KA. CW frequencies are 3507, 7007, 14040, 21040, and 28040. AM fone 7250, 14240, 21325 and 28750. SSB 7205, 14295, 21410, and 28650. No 75 meter fone or SSB frequencies listed.

Bob Lora W8VDJ-VP2DX left 24th January for Dominica where he will be on from VP2DX for the next two months or more. He plans to be active for both week-ends of the ARRL DX Test, fone and CW. Plans also to operate from Antigua the week of January 26th and possibly a week late in March. Will also try to get on from Montserrat, Anguilla, and British Virgin Is. If any Club member has a [illegible] for them. All QSL's should go to the home QTH and will be answered when he returns. SASE of course. If any contributions are received they will go to B.W.I. for gear to get permanent stations on some of the more rare spots.

VR6AC was reactivated January 13th using a 100 watt rig supplied by a VR6 [illegible] Will be active Monday, Tuesday, and [illegible] DAY. The rig is [illegible] 20th January. [illegible] using an [illegible] He has crystals for other frequencies 14100-14200.

W5OLG reports the receiver (a HQ 145-C) for VR6TC has been bought and will soon be sent to the Canal Zone where it will be by road to Pitcairn. He writes that he is anxious to get home and try out the receiver. Probably will be there about May this year. W4THJ and W5OLG will make every effort to see that all who helped on the receiver deal get a contact and QSL. If anyone else wants in, they can still use some help on the transportation charges to the Canal Zone. From there it will be shipped No Charge by the New Zealand Shipping Co., and Norton, Lilly & Co.

[illegible] high duty on 1000 [illegible] Lopez. ZD8A is leaving [illegible] in March and says ZD8S is phoney.

(W9RBI)

[illegible] between HP3BAA and TI2CBM discussing CQ SSB and ARRL [illegible]. DAA said he might be QRT during CQ SSB contest but might [illegible] for ARRL contest. Paul also noted there is no [illegible] a license for OX3MS for operation from Yemen.

XW8AI is now in Guadeloupe signing /FG7. Also Kermedecs to be active soon. A transmitter was airdropped there and now being assembled. [illegible]

Several reports received from members who have received the 9H [illegible] and all note the box number as 736. K5AWT also adds that a few [illegible] plus a short note of thanks does wonders that all one pleading [illegible] of a dedition.

W7ZAS advises that arrangements have been completed to handle QSL's for [illegible]. The usual SASE is a must. Send to Larry Sweeney, W7ZAS, [illegible] 22nd Ave. N.E., Bellevue, Washington.

ZC2AC will be on fone as soon as his mike arrives from England. SP[illegible] has 49 states and needs a QSL from one of the several Mississippi stations he has worked for his WAS.

ZS6TD advises W5INL by letter that he will be the Chief Store[illegible] for USORC Prop Co. at Mbabane, near Mbabane, Swaziland by early summer. He has not found a complete rig so expects to build a DSB rig.

FW8AS works Amateur Stamps of various types and may be of help in [illegible] his QSL. Says he is a new Country, French Equatorial Africa [illegible] address.

ZD8RO/VQ8 reported by several members to be located in Mauritius. He [illegible] unexpectedly and was to be active less than one day.

VE3QA who just completed a stand at ZD7DA is expected to be on from [illegible] Pakistan for sixty days. (W5CSW)

1-19	ZD7SA	330	599	2349	W2FXN	W	my SSB

In reply to query about the deal for the Madison, Wisconsin Clubs recent efforts to get as QSL mgr. for FT7ZD, W9RCI replied that the only QSL address as given by Guy is: Guy Hoarau, FR7ZD, 10 KM Tampon, Reunion Island. Have heard many say they have not received his QSL, same true here although sent his IRC's and envelope for QSO last August. Many comments have been heard on the air about non-receipt of QSL's for EA9IL. Sent ALWA via WKN as specified and received the card OK.

W4DXX sends QTH of SM2DR. The last issue of MARTS listed 9M2CQ as the lowest call issued (Sept-Oct). The next issue of MARTS should be along soon and QTH will be printed if shown.

The past few weeks has brought many requests for the WPX Record Books and application forms. The supply is now gone but if W2HEO will send some more will be glad to continue distributing them. Of all the requests received only one or two sent addressed envelopes for their return!! Let's think hard. It only takes a few minutes to address an envelope and most of you even have a rubber stamp. It really doesn't matter too much in my case but sure does furnish a good example of what some of those boys acting as QSL mgs. are up against.

The past year brought the largest number of reports since starting this feature last June. With 22 to 30 reports to air through it would help a lot where possible to use a typewriter or to print very clearly, keeping CW separate from Fone, and one band separate from another. The report section of the bulletin is very careful when put in sequence of time, but it is a fine tangling job at best. All in all it takes about 10 to 12 hours to get some form of [illegible] assessed with age, it is feasible to keep the time [illegible] mailing as short as possible. The help of each reporting [illegible] respect will be greatly appreciated. There has been some mention of slight change in reports. Noting the percentage of SSB to AM reports, probably the AM reports should be listed in the remarks column and those not noted as AM can be assumed to be SSB. The current trend is about 10 SSB to 1 AM reports.

"THE DX BULLETIN" 4 Feb. 1960
Published by the West Gulf DX Club
Box 227 - Kerrville, Texas. U.S.A.
Sec-Tre. W5EM
Editor W5JGK

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club.

ZD2AMS will be operating beginning about 7 February from French Togoland [illegible] and the call sign will be FD8AMS unless otherwise advised. AM Fone frequencies will be 14140, [illegible] and [illegible] in [illegible] will be [illegible] 21040, and 28040 but he will also have VFO. He will listen 10 to 20 kcs above his frequency. (W6HYG)

More on VR6AC from W6HYG. Floyd is unable to copy SSB signals so listens in the AM portion of the American fone band.

"Received a letter today from Robert Bedier, 3 Rue St. Bernard, St. Denis [illegible] Island. He knows FO8AI and read on 3W7" [illegible]

HE9LAA now on ten fone is the only active station at present in Liechtenstein. [illegible] plans to make a trip there some time soon. [illegible]

VK5BP is planning expedition to VK5 - Northern Territories next winter (summer in USA). Working on a portable rig now. (K6CQM)

All LA1AA/P QSL's before 20 January were lost with [illegible] Fishing Unit in the Norway. Latest QSO's will have to wait the [illegible] ment. (W9GFF)

Niue Island has been hit by another big hurricane but no news yet about damage. ZK2AD is due back here [illegible] Zealand. (W5GJY via W9GFF)

Probably most have seen in latest QST the best way to get QSL from XZ2TH. If not he is a stamp collector also and a few commemoratives on your card to him should do the trick.

According to W3GJY he is ABA QSO manager for FM5AW and there rumbling of him. Probably another Joker so save your cards and stamps.

W5ZEW advises that VS5BY should be back in by the end of [illegible] that he will continue to handle VS5BY QSL's. He still has the logs if anyone needs his card. SASE please or via the Bureau.

ET3CE reported working around 14100 at 1500 GMT. Gives name Chuck and address as Box 385, Addis Ababa. (W3KVQ)

By request from some of the members future listings in the Report Section will not include Expeditions known to be on for only a few days, or to be seen QRT. Also some of the more [illegible] as are regularly heard. Bear in mind when you report that the Editor is on 20 CW exclusively and not a good judge of whats good on other bands or modes. Please [illegible] your listings [illegible] Thank.

QSL's

FY7ZE Robert Bedier, 3 Rue St. Bernard, St. Denis, Reunion Island.
OX7DS via OZ7BS in new call book.
FF2WEX c/o MARS, APO 81, N.Y.C.
VP2AR via W3KVQ

(page 3) 4 Feb. 1960

Just received message wire from [illegible] from Bob White saying [illegible] /MM operation was not [illegible] to see if the M1 [illegible] failed.

It is now certain that [illegible] is about to leave St Brandon [illegible] or if he will return. QSL's from him have been delayed to some extent but will surely be forthcoming when he gets back to civilization. The most recent QTH for his cards is Box [illegible], Seychelles, Seyche. This is the box of VQ4GT and presume it supersedes the Box 407, Port Louis QTH. If no further activity from that spot, W4EPD will try to include it as one stop during his very extensive DX-pedition late this summer. Full details on this trip will be given later when all the plans are definite. It will include some very good spots.

73, Sandy

JANUARY 15, 1960

MEMBERSHIP LIST OF THE WEST GULF DX CLUB

DX STATIONS:- To become a RANGER and receive the handsome DX RANGER CERTIFICATE, the DX station must work twenty-five (25) members of the WEST GULF DX CLUB and QSL them. Then, send a detailed list (NO CARDS) of your contacts to the SECRETARY of the WGDXC. The list must be certified that all QSO's are correct and each QSO sent a QSL card. The recipient of the award does not automatically become a member of the WGDX Club.

***

There has been some delay of ZS1AMS leaving Algeria according to WA6EYP and W2ZX. To date have heard no on the air reports of his FR7AMS operation. Should begin any time now.

There has been some confusion about QSL information for VQ8BBF. Both W9RRI and WA6EYP report VQ8AD as the only QSL manager for Herve. Further, contrary to reports that Herve will not be leaving until the 25th, Reed advises that he was to have sailed the 9th for Mauritius for about two month furlough after which he will return with a 10 and 15 meter converter.

Permission has been requested from FCC to enable operation by K5AAZ on 160 meters. If granted, operation will be in the 1800-1825 segment starting at 0001 GMT on Feb. 20 and 21 only. Power will be 50 watts and call used will be either W4FFC/W4 or K5AAZ. (W5EFT)

VP2SL will be on Montserrat from March 9 to March 28, followed probably by a trip to the British Virgin Islands. (W2ZX)

W2AX received QSL from VR4JB who is at present CBP, bringing up a family. His QTH appears in QTH section for the benefit of anyone needing VR4JB QSL.

The QTH for W8VDJ-VP2DX in regard to cards as mentioned in issue 94 is to be Robert H. Lora, Box 64, Roseau, Dominica, B.W.I.

W5KVQ is QSL manager for FS7WP and can provide QSL's for contacts for some time back. Ed also is now handling cards for ZS1AN.

W9NQK received direct Air Mail QSL from NP4ZAF and hence only NPH appears in QTH section. Dorset says he is 300 QSL's behind but he will QSL all contacts. He is in need of 10 and 15 meter calls for his DXCC.

ex-XZ2OM advises through W4LYV that he has the logs and will be happy to supply XZ2OM QSL's to any who did not receive card for their QSO. See QTH section.

VU2ANI left the Andamans 0800 GMT January 30th. Any QSO's after this date were phoney. Has contacts call use VU2ANI without any extended suffix such as /VU5 etc. (W4YIN)

I5GN says they may be leaving about April and for all QSL's to be sent direct Air Mail. (W5JMI)

FHARL is having a QSO party for 24 hours starting 11 March at 2100 GMT. Here's a chance to work on FHARL Amateurs. (WA6BUT)

4X4TI told W5LXO during QSO that two who hams are going to Israel regarding country status credit is given for working certain 4X4 stations. This plan action to prevent such shenanigans in the future.

"THE DX BULLETIN" 18 Feb. 1960
Published by the West Gulf DX Club
Box 227 - Kerrville, Texas, U.S.A. Sec-Tr. W5PI
Editor W5AZB

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club--

ZD2AMS has been reported to be operating since last week-end as FD8AMS but contrary to previously announced plans has so far confined operations to 21 mc AM fone only. He appears to be using the VFO he stated he was [illegible] Operating the [illegible] reports place the end of his FD8 stay as 25th to 29th of February. Has been worked by W2ZX who reports his QSL's are to go via W6KUT.

9N1CJ seems to have replaced 9N1GW in the reports this week with several reports of his SSB activity between 1300 and 1500 GMT above 14300 kcs. [illegible] the Ace Radio Club is now getting out the 9N1GW cards.

ZS5JY and ZS6TE who have been operating as ZS5JY/7 this week will be at ZS8 starting week-end of the 20th, and from ZS9 starting week-end of the 27th. They plan SSB only since they are not so good on CW. Just staying a few days at each place. (K9EMB-W9GFF-WØJWL)

Look for WØNWX operating from VP1JH during both week-ends of the ARRL DX contest. He will be on the [illegible]

TI9SB will be on from Cocos Island again around the middle of April. Exact dates later. (WØQVZ)

HH2Z expects to operate 160 and 75 fone in the second half of the ARRL Fone contest. Look also for VP2DX and VP2LS who expect to be on by March 9th from Montserrat. (W2ZX-W3AYD)

W4GJW reports an FF7AH active on 21 mc CW who claims he is in new country named Mauritine. F9RS sends QTH's of a group with FF4 prefix which he says are all in the [illegible] "Equatorial de Cote d'Ivoire" [illegible] French West Africa. These are listed in QTH section. VE3RON states that since 1 January [illegible] the former [illegible] separate for DXCC. These stations are still signing FQ8 as far as known.

ISWL advise W2ZX they know nothing of VK9XN. They just forward cards addressed to him [illegible]

TA3GI who has been working 14 mc. SSB is reported to be operating under cover and QSL's for his should not be sent direct. He is using a 6Y6-1 and you should look for him on your own frequency. VE7ZM is QSL manager. Most likely times 1800-2100 GMT. (K6ENX-WA6EYP)

A 500 to 700 watt AM one CW transmitter has been shipped to Easter Island. The gang at CX2AZ are expected to be on the air with it within a month. According to DX320 it is possible they will be quite active. (WØJYM)

G3LAB, G3MBM, G3OIX and G6TW will be operating from Isle of Man with GD calls March 29th thru April 7th, all bands 10-80 CW & AM. (G6QB)

K6CQV/KH6 will be on from Aberdeen Dakota with 344 5100. Will operate AM, SSB, and some CW. No frequencies given. May be on now. (W5OSH)

4X4FA needs N. Dakota and New Mexico. He is on Friday, Saturday, and Sundays 1300-1500 GMT, high end on SSB. (W5MMK)

W3AYD advises he will act as QSL manager for VE3AB (Frank & Dalton) for QSO's beginning with 1 March 1960. SASE for direct reply, otherwise cards will be sent via bureaus. He will receive the logs once a month.

ET3CE says he is at the College of Engineering in Addis Ababa. Is W9XQ and gives Box 385 as QTH for QSL's. (K5DGB)

VR3Z requests old Radio Magazines wanted by local Radio Club. They can be sent to B.F.P.O., Christmas Island.

W6ZEN has just received letter from ex-VK9CS who says he is sending Floyd by Ocean mail, QSL cards for the following DX60S QSL's: VR3CW, CO7TP, W3CXM/Iwo Jima, [illegible], VE3IR, [illegible], [illegible], [illegible], [illegible], W5CGI, W5DGP, W5AEI, [illegible], [illegible], [illegible], [illegible], [illegible], [illegible], [illegible], W6ZEN, W6UT, [illegible], [illegible], [illegible], [illegible], [illegible], W7GUI, [illegible], [illegible], W7JMY, W7TIX, W7X5A, [illegible], [illegible], [illegible], [illegible], [illegible]. If the fellows will send their cards along with [illegible] Floyd will send the DX60S cards as soon as they are received. Floyd also notes that [illegible] is in QSO and he will continue to handle his QSL cards.

For the benefit of new members, special club call's may be obtained from HAM SPECIALTIES CO., Box 3023, Beaverton, Oregon. They cost $3.95 a hundred, $5.80 for 200, $10.50 for 500, and $18.25 for 1,000.

***

OK7HZ will definitely not be on from 4W1 according to HP4ADW who talks to George every day. (W2ZX)

W2ZX lists HP4NEW, LX1RK, LA2JE, SV1AE who say after March 10th they will transmit SSB 14100 to 14150 and listen 14250 up. VK6MX will try 14198.

VQ9HB is shortly visiting Chagos for a few days and will take his 20 watts of CW with him. (G3AAE)

W8GJ will attend the SSB dinner in New York. Also will be in Rochester March 27-29 and in Chicago March 30-April 2.

EI4Q, EI2X, EI8D now on SSB mostly on 14 mc. Also on SSB is EI6V but he operates mostly on 3.5 mc. EI6X hopes soon to be on SSB also. (EI6X)

G3YA (ex-VP4WD) sends 73's to the members and offers photo to those who want one, as long as his six dozen prints last.

ZL2GX offers help to anyone needing QSL from ZL5AA or ZL5AC and will help with skeds with VK2FR Lord Howe and ZL3VB Chathams.

"Regarding VU2ANI, many hams mistook our call as VU2ANI/5, or VU2ANI/VU5, and we also received some cards as VU2ANI/4. Also, our QSL mgr. Al, W8PGQ, began to disburse the cards which they have wrongly printed. He has not received our logs so far. We are printing some QSL cards, and---All those who worked us and sent cards should note that the call is only VU2ANI and the QSL's should be written that way and then only will they get the return QSL from us. (VU2RM via W3KVQ)

Bob White has rejected an HC8JU card for Galapagos as "a shipboard operation". (W2ZX)

FF7AC has been quite active on 15 and finally showed on 20. When asked about his old call, he responded he is ex-FT8AM. Says he's in a new country of Mauritania in the Western Sahara. QTH FF7AC, Nouakchott, Mauritanie. (K5BGB)

BV1USB who is ex-W5OEN will be leaving Formosa in May. (W5GGD)

ZS5JY is having special cards printed for his operations. He will get all QSL's out from his home QTH upon his return. (ZS6DB)

W2FXN sent his QSL to ZS6UF/ZS8 to 33 Allen St., Seldon, Johannesburg and it was returned stamped "gone away". Anyone know the proper QSL or what's wrong?

In Bulletin #7-60 VU2XG was wrongly listed as VU2AG in QTH section. He is the son of G8VG. (G3AAE)

Can anyone help [illegible] present QSL of [illegible] R or PK1TM?

Some few have been confusing the [illegible] n number which has always appeared on the left end of address side with the expiration date which is below and to the right of your address. Only the month number is included in the expiration, year not shown.

73, Sandy

VP2DX will be on from Montserrat March 10th through March 26th and will be on 10, 15, & 20, AM & CW. (W8KBT)

ZD2AMS is now back in Nigeria. While at FDS he was running 50 watts to a Vanguard transmitter with a G5RV multi-band dipole. His receiver was an S-40B. Angus was disappointed with the number of QSO's and the erratic conditions. He says many nights he called CQ on 7, 14, 21, & 28 mcs. for hours at a time, both fone and CW without answers. His operating hours were limited due to local power being on only between 1800 and 2330 gmt. He is going back in the not too distant future and will take with him a gas generator and a cubical quad antenna. [illegible]

GW3ITD, now operating maritime mobile aboard HMS Puma on 21 mc AM hopes to secure license and operate land based shortly from Tristan da Cunha (Some time in May). Also later from Mauritius. He promises more info in about six weeks. (W2ZX)

W1WDD quotes W1WPO as saying "when and if Malpelo is put on the air it will be counted as separate. The announcement will be made when it happens, not before then."

VK9AD is in charge of screening applicants for the Willis Island radio op job. Two applicants are hams and he says he will make sure Willis is represented by a ham. Tour of duty starts in May. (K6CQM)

AP2CR has a KWM-1 and can only receive on his transmitting frequency. [illegible] present are UA1's DZ, AD, UA3's FG, EG, CG, CR, DR, UA4FE, UR2AR, UP6BC, and UB5KAB. UA3CG is the 1st USSR YL on SSB. (K6CQM)

Pye, ex-ZL2AHA, who has recently been active from Chatham Island as ZL3VH is planning a trip later this year to ZM7 with more power than the 12 watt he was using on Chatham. (W9UCO)

W7PHO is now handling QSL chores for 9N1GW according to W1TFQ & W6OMK.

QSL's for BV1USE should be sent to his QSL ma[illegible] be stationed at Truax Field, Madison on about [illegible] all cards received when he arrives there. SA[illegible]

VE7ZM is trying to get hold of the XE2AD logs [illegible] ing those QSL's.

VP8BK on South Georgia says he will send all QSL's after his return to Norway late this year. Send yours to LA1RC and NRRL. (W5PM)

***

Eric, ST2AR has just returned from 3 weeks visit home to England and is looking forward to the second half of the ARRL Test to add to the 830 contacts he made in the first half. He will be active all bands from 7 through 28 mcs. and would especially like some W5 contacts on 7 mc. QSL's by return Air Mail as usual! (ST2AR)

VR1B should have his SSB rig by the end of the month. Plans to fly it to him failed but it is now expected to arrive on one of the irregular ships. It was lost altogether for some time, but Chas says all is under control now. (VK2QL)

Ex-VK9AD is now VK3AWX. VR3A is now VK2ANS, QTH in QTH section. Anyone needing VK on 3.5 mcs. watch for VK2QL on Sundays from 0930 to 1130 GMT up to about 3525. Frank may be listening so a CQ might be of value.

VK2JU who was at the recent ITU conference in Geneva and had to return home on account of his health, has joined the band of silent keys.(VK2QL)

W6OBH received letter from Soma, 4STYL who wishes to obtain a 20 meter beam. If anyone cares to help contact Mary who will be responsible for getting it over to her with a list of those who help.

Thanks to Walter, DL9PF for the new QTH of ZS6LF: Lambert Ledoux, ARS ZS6LF 101 Lyndhurst Road, Lindhurst (Johannesbourg), South Africa Union. If W2FXN will send the card to the above address, he will receive his /ZS6 QSL very soon.

Paul, K6CQV/KS6 said Pago Pago, American Samoa will reach him OK and will be there 18 months and will operate regularly. (W5KC)

DX press by VERON notes that MI8 made appearance on 14 mc AM the first part of this month. Also they quote AP2CR saying not much chance of W5PQA operating from East Pakistan as he knows the officialdom there. On the other hand W6ONE reports hearing XZ2AD say Doc should be on from Dakkar Pakistan in the next few days, 14305 SSB and 14040 CW.

KA/AC will be on 14305 at 1500 GMT SSB daily. (W7TYQ)

From MP4BBW via KB6CD - Brian, MP4BCU is planning trip to MP4K sometime in April with CW and SSB operations. MP4QAO has now gone QRT.

Considerable comment has been received in regard to expansion of the USA fone band to 14350. The number of solutions is in direct proportion to the number of suggestions received. It is obvious that the Bulletin can not agree with some without disagreeing with others. We will be happy to run items regarding operating practices various DX stations intend to follow but cannot be involved in a dispute as to who operates where.

The following quote directly from letter to [illegible] dated 1 February 1960:
"I have heard a lot of stories about myself since we got on the air over here and I would like to take this opportunity to clear up some of the rumors. First, the name [illegible] is Hoover, New Jersey and the call is [illegible]. In 1947 to 1949 the XYL and I went to Tangier Morocco where I was [illegible]. In 1952 we went to Suburban Greece and was on the air only a few hours per night. In 1954 to 1956 we were on Okinawa and the call was [illegible]. And now, I have had the great privilege of getting a rig on the air as [illegible].

"If it had not been for the agreement between the Government of Nepal and the [illegible] of our government, I don't believe Amateur Radio would have been approved for many years. As it is, it is on a very limited basis as no radio equipment, except project equipment, may be shipped in or out of the country. This limits the number of stations that we can get on. As of now there are only two and the other rig is not on due to lack of power. I am expecting a deisel generator any day now to cure this problem. These will be the only two rigs on, with the exception of some low power mobile rigs, until such time as the government of Nepal takes the necessary action to set up a communications [illegible] agency."

When Ralph came over, he said that at times I sounded like I was angry with the gang over there. I'm afraid that after fighting those pile-ups for 4 to 6 hours, my patience wears a little thin. This goes on seven days a week and believe me, it sure is a job. I know that a lot of the boys are very anxious to make a contact and in their enthusiasm, their calling also be calling thousands but after the band closes down and we sit back and relax and look at the long list of stations worked, I realize this is the kind of information that the [illegible] relic from the days of the rotary spark gap to the present. Actually, the fault is with the DX station. If I can improve my operating ability I can do a better job for all concerned. So please bear with me. I hope to contact every station I can hear."

The above letter, though written on 1 February, had only Postal Service postmark of 13 March and was received on 15 March. Last week DX press published a report on operating on 28 and 21 with instructions to QSL via DX Bureau, Nepal. Also operating other bands, several stations have received QSLs the last week from the new Radio Club in Kathmandu, Nepal.

Since the handles QSL's for ZD7SA advises he has received no ZD7SA logs since last Sept. 1st and asks the gang be patient. There is no Air Mail to ZD7 and the mail [illegible] an irregular boat to South Africa [illegible] being Air Mailed. Also Ray states that ZD7SA has never been on SSB.

W9GFF received a long letter from Les, ZK2AD, who has returned to Niue after a 3 month holiday in ZL-land. The hurricane in late January made quite a [illegible] through Les' new house was only slightly damaged. One village lost every house. Others had one or two left, and the main village Alofi, had about 40 left. Guess, ZK2AD said his roof lifted off in one quick wrench and half of it went thru the rock wall of the house opposite and the other half must have blown out to sea. That makes two roofs he has lost in one year. ZK2AD lost all his QSL's for DX0C and would be [illegible] appreciate duplicates from those who have worked him in the past. Most of the people are now living in tent shaped huts of corrugated iron and probably will for from three to five years. The wind was 150 MPH at times during the six hour spell. ZK2AD will be on 14 CW intermittently for a while until he gets the local telephone all untangled. Look for him around 0300-0400 GMT on 14008 or 14050.

W0OBW needs help with QSL's for the following QSO's: [illegible] Aug 1959, HA5DR and UG6AG May 1958, ZP9AU March 1959, and [illegible] June 1959.

K0[illegible] is having CP4 QSL troubles. [illegible]

According to VK2QL, Willis Island is only a small [illegible] and there are only two or three weathermen there. They are [illegible] without any shipping visits. It is primarily a cyclone warning station.

WA[illegible]: Volunteers for the job of [illegible] you want to take over. Thought I would mention it now so some ambitious member can have time to think it over.

73, [illegible]

More on the Editors job: volunteers must be W5°s and could best be handled by three co-Editors, one each for AM, SSB, and CW. At times more material is on hand than can be included in one issue and a poor old CW man is hard put to decide what to cut of the fone material. Of course it has been a temptation to omit fone in favor of CW but have so far resisted the urge.

No. 12-60 "THE DX BULLETIN" 24 Mar. 1960
Published by the West Gulf DX Club
Pres. W5CIV Box 327 - Kerrville, Texas, U.S.A. Sec-Tr. W5PM
V. P. W5VU Editor W5AZD

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club--

***

VP2KA has obtained permission and license to operate from East Pakistan through the efforts of VE3BU and the call sign will be AP5BU. This was prepared by VE3CV from VE3BU. W9ZZ learned in QSO with DM1OW that he had made a three day visit in Nepal and had persuaded Glenn to go along to E. Pakistan. This we learn from W4GI through QSO with DU1CJ that Doc's XYL has taken sick. Glenn is flying home to India to see if he can be of any help, but the trip is off for the present.

The bit in Bulletin #10-60 concerning ex-VE2AD and Willis Island is in error according to mail received from Stan through K7EMO. Stan's present mail is VK3AWI and he wishes it known that he has nothing to do with the detail of sending men to Willis.

W7ZNO says he has received all the 9W1OW logs from the day he started operating up to and including March 5th. He will continue to mail the logs to Bill when he can get them out. If you still have not received your QSL, contact W7ZNO but be sure to include SASE!

VK2FR is in VK-land on vacation but will be back on Lord Howe Island at the end of this month. (W1WDD)

There may be an additional delay in VP6WR QSL's due to QSL cards on the cards already printed. Complete logs and QTH data received by W6KUT only a few days ago. The logs show quite a few QSO's on 15 and 20 meg with no takers. Conditions were poor in FD8. (WA6EYP)

JZØHA is on SSB xtal control on 14190 between 1400-1700 GMT. (WØQVZ)

VK9NT will be on SSB from VK9NO (Papua) March 28th. (WØQVZ)

KJ6BV will be on SSB in about two weeks. (K6CQM)

Anyone know the present mail QTH of ex-EQ3FM, ex-ET3FM, Frank Murphy? WØQVZ needs if anyone can help.

It is understood that AL, WB2[illegible] had QSL's printed for the recent expedition only to find that /VU5 should not have been used on them. He and others [illegible] apparent hard feelings has not received the logs. Most of the stations QSO'ed have probably already sent AL their card, many probably with some contribution toward the expense of the expedition and QSLing. It is hoped they will go ahead as planned with the QSL's and save all the need of sending a second card.

QTH's

HL9KR John Derrick, 1246 AACS, Box 196, APO 970, San Francisco, Calif.

The last few weeks issues have been put out with a new ditto machine and have been folded on a folding machine and everything has not gone off as smoothly as could be wanted. The folding machine has nearly mutilated some copies but hope they could be used. Both machines should help to a better job in less time if I ever get the hang of them. Hope this issue turns out better.

73, Sandy/W5AZB

Licence for the Malpelo trip has been issued and the call will be HKTU. Mac W9EVI does not expect to leave before April 15th according to info W9GFF got on phone call to one of Mac's pals this week. It has been rumored that W3PZW who was originally scheduled to go along will not be going. No word about W4EVX plans, either for this trip, or his plans to resume printing "DX", though some rumors he will be back in business also in April.

VERON has it that JA1ACB's plans for DX-pedition to Marcus Island have been called off til next winter

Anyone interested in receiving direct and unique QSL for their 9N1GW or 9N1CJ QSO can get one with the following procedure. Address to W. J. Ward (Ralph Dennis in the case of 9N1CJ), USCM/Legal, Department of State, Washington 25, D.C. Put a 25¢ Air Mail stamp on your letter to him, and enclose self addressed envelope with 7¢ Air Mail postage affixed. Your letter should reach them in about 5 days. We also had an APO CTH for sending mail to them but Glenn assures us this is the fastest possible method. These cards are in Nepalnize and English writing and on rice paper according to member K2DK.

Of the new USSR prefixes being heard, UV and UW are in the UA districts and UT is the same district as UB. (VERON)

HI8RD will be on from the National Fair in San Juan de la Maguana from April 15th to 30th on AM SSB and CW. English ops will be used if possible and they may be using an HI3 prefix. QSL's will go to HI8RD, Communications Department, Ciudad Trujillo, D. R. (K5KBH)

LA3YE is on 14310-14320 kcs each day 1800 to 1900 GMT and wants QSO's with Omaha, Nebraska as his family is there. (W0QGI)

Thieves have boarded the Yacht III and taken the main boat compass, two motor scooters, rubber life raft, and some other equipment. Some of the stolen gear has already been recovered. (K2BU)

TA3GI is using a CQ-1 (not a SWM-1). Normally he receives and transmits on the same frequency. Heads up or with VK7ZM has been operating below 14200 and listening 14250. (WA6KYP)

According to letter from Rob White received by [illegible], [illegible], [illegible], [illegible], [illegible] will be the same as before, no new country slants for any of them. (W5KC)

***

Received letter from Mac Reynolds, W9EVI as last weeks Bulletin was being mailed. Here are quotes from his letter:

Finally, we have an exact date and a ship and the like for the Malpelo jaunt. We fly to Bogota on the 18th of April, leaving Buenaventura in time to arrive Malpelo on Friday the 22nd for about 5 days. HK3LX and HK7IB are going from Colombia. The name of the ship - a small destroyer- is "Gorgona".

At present writing I still dont know who is going exactly from the states...the date has changed so many times that some can't go now I suppose. We expect to have 4 W's.

Because it is so expensive to carry gear for a 3rd station down there with us as extra baggage, we have dropped the "rover" idea.

Fone freqs: AM: 14110, 21220, 28380. SSB: 21420, 28620, 14 mc not yet determined because of the band still existing. In any event, please no W's on SSB 14200-250. The boys haven't yet sent me their CW freqs. When they arrive, I'll forward them to you.

Please remember that we are allowed to make this trip in celebration of Colombia's 150th anniversary of independence.

There is still some question on the gear. We are obliged to carry our own generator, thus forcing us to run around looking for very light equipment. Any suggestions? At almost $3/lb. for extra baggage, I guess we need help.

We will be on the air on the weekend of the 23rd of April. QSL's are being printed and handled by the SARGT radio club. Please send cards to K9EVF (club station). No donations, but SASE is a prerequisite for early delivery of cards. If no SASE, cards through the bureau in June or so.

In addition to the letter from W9EVI, this week WØPGI in QSO with HK3LX advises that operations will start April 20th for four days at the most. They will not answer calls on their own frequency but about 5 kc up or down is requested. Their call will be HKTU.

K2OAH adds the reason no digit in their call is to speed up CW operations. Also Ben listed CW frequencies as 14100, 21100, 28200 and SSB 14300. He says they further request no replies, other than the emission type they are using at the time.

VK9HC is now active from Cocos Island on 14090. QTH Joe = c/o Cable Station = Cocos Island. Indian Ocean. (Thanks Jim K6AIW)

"Nick Delport, ex-ZS2, ex-ZS6AC, informs us he is contacting on the next boat to the Union of South Africa. This boat sailed at the end of February. Nick's wife is the Bonnie Lassiter of Bonnie Lassiter's advertisement and a ham. I shall try to find out. Those who need Nick's QSL can reach him with this QRA: N. W. Meyer, "Dunmar", Goya Road, De La Haye, Bellville Cape, S. Africa. (W6DIW)

CR6CA is going again on an expedition to Cabinda, which Mr Gladur has new country status from ARRL. Date not yet fixed. He will take HT32A and HT33A and work 10, 15, 20 SSB, AM, & CW. He will not answer calls on his own frequency but up or down 10 kcs. (W4GJW)

A group of EI's will operate from Blasket Islands from 0000 GMT on Sat. 21st of May until 1600 GMT on the 22nd. (The Blasket isles are off the southwest coast of Ireland, and while they will not count as a new country they will be new WPX). The call will be EIØAA and transmissions will be mainly SSB using a DX-100 and a SB-10, but CW and AM will be used also. Most of the work will be done on twenty but all bands are being catered for. The twenty metre antenna is a three element beam and will be on the top of a hill 250 feet up. For the other bands a lowely vertical will be used. RX's are sensitive RCA's. All incoming QSL's will be answered via the bureau unless accompanied by IRC's. All cards should be addressed to EI4A (as in my call book for some years back). Operators will be among EI2X, 4F, 4AO, 7OU, 7AL, 8AG, 2W, 6X. Operations will be continuous if the bands stay open. (EI6X)

--"AP2BH is most definitely QRT. He will be coming stateside about the 1st of June. -- If you should need XZ, my friend Soeya, XZ2SY is again active. He is on 14 & 20 mtrs. Send your card to me." (from letter of W4ANE to W6OWK)

[illegible] and sent each a buck - no reply. Sent to PY1CK and PY1HQ with IRC's for air-mail - no reply. Is now frantic! Can anyone help "Tex"? Also he is looking for QTH of HB9ZE if anyone has it.

Heard quite an uproar on 14070 around 0100 GMT this date calling W2AYN/EP. [illegible] special permission might have been given as was the case with W3ZA/3W. Sure were lots of familiar calls heard in that pile-up.

The listings are way off this week, due no doubt to the very poor condi- [illegible] of last week. This will provide space to again ask for volunteers to take over the Bulletin for the coming year starting in June. Would like to continue as some have suggested but can not spare the time for another year. As mentioned before, three co-editors, one each for SSB, AM, and CW would be ideal. It is darned hard for a CW man to edit material for fone.

Editor W5AZB

Word received from Mac W9EVI via W5KBU this week that the Malpelo trip is off. Mac sends his regrets to the gang and explains that the many changes of their plans prevented most who originally planned going from making the trip.

Via W7PHO it is learned that W3PGA has been in AX4-land and by now is probably in Turkey. Doc passes word that he is sorry to let the gang down but just couldn't get to East Pakistan. All may not be lost though as AP2CR who travels to East Pakistan and has a KWM-1 is trying to work something up with 9N1MM.

Stan, ex-VK9AD says the men for Willis Island duty have been picked and none are hams. This eliminates any chance of activity from Willis for the next year. This information received via land-line from W5KBU.

W7PHO advises that the ARE radio club contacted him and requested he send them the 9Q1CW logs as they were all set up to handle his cards. This he has done and all incoming QSL's are being forwarded to them.

W3KT reports he has received direct airmail QSL from VU2ANI and that they say all the completed VU2ANI QSLs have been completed and shipped by surface mail to W6TQS for distribution.

FTE3CE has sent his first package of 120 QSL's to W9JUV by registered air mail. [illegible] as even registered mail seems to get lost from there. (K6CQM)

DL9FS says he is negotiating to operate from Bar Harbor with tentative dates of August 5th and 6th. He promises to advise firm dates and frequencies via air mail. (K6LAS)

The roaming of the Argonaut [illegible] of VS1-[illegible] will be first to FB8CG in the Comoros, then to [illegible], then to a VQ8 in Mauritius. This from W4FKN and W9EVI.

ZS7R P. O. Box [illegible], [illegible], Swaziland
9M2GR J. F. Willis, Kindon Harrows, [illegible] Malaya.

W5LM, Kamp has been issued OD5OT call and is presently on a trip [illegible] ing EP, VU, VS9, 15, SU, and ST. He has written AY1LS about possibilities of getting a rig on from Jordan. (W7PHH)

ST2AR is awaiting SSB rig being sent him by W4IYG. Meanwhile he may be on SSB anytime as well as W2ZA/ST2 as Wendy has written him that he will visit him this month. Bric reports having heard both W3ZA/EP and W2AYN/EP, apparently both using the same rig.

Still another /EP is Gerard, DL3RO who was given permission on April 5th by the chief property officer of the Iranian government to use /EP. At present he has two crystal, 7100, which he uses on 10, 15, and 20 AM fone. PA0HY is [illegible] for additional crystals. QSL's via P. O. Box 709, Tehran, Iran. (PA0FX via W2NUT)

From the [illegible] likely permission may soon be granted to work some of these [illegible] in jail for working them sooner) but to date, [illegible] of one ban being lifted on EP. If anyone gets any [illegible] please pass it along.

XE1EJ is also [illegible] and [illegible], [illegible], and [illegible]. (W4GXB)

[illegible] is [illegible] (W4[illegible])

Note PA0FY [illegible] Fairview Ave., Blacksburg, [illegible] also [illegible] may be [illegible] from G3FA.

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club--

***

Another QSP from W9EVI this week via W5KBU that he is going ahead with plans and expects to leave Miami for Bogota the 9th of May and will leave Bogota on [illegible] operators and anyone who would like to go and is willing to spend $400 may contact Mac through the Bulletin or through W5KBU.

W1YV2 [illegible] 20th April they have had no word of the ban being removed for contacts with any of the stations signing /EP. Last week W7PHO was overheard to [illegible] a fact W2AYN/EP has sent to FCC proof of his permission to operate as /EP and some high officials in both FCC and ARRL state that in their opinion it is OK to work him.

Received ET3CE QSL this week together with letter from W9JUV explaining the QSL situation. He stresses that cards should be sent direct to Box [illegible] Addis Ababa, [illegible] Ethiopia seems to include hamming. Chuck, who operates ET3CE, teaches E.E. at the College of Engineering and his stateside call is W9ZQF. He expects to leave in July but says he hopes to have club members keep the station on the air. Again W9JUV is not QSL manager and no mail should be directed to him.

In Bulletin 6-60 QTH was given for FS7WP via W5KVQ. This should have been 4S7WP. In addition, Ed handles QSL's for CT3AV, VU2RM, VP2AR, and ZD1AW.

Just received new QTH for your Chatham Island ZL3VH/3 QSL's from W4GXB who had a long letter from Pye, who is a career military man with 21 years of service. Pye expects to be sent to ZH7-land for a short spell this fall and has completed a light weight 100 watt CW rig for the trip. New QTH appears in QTH section.

Does anyone know anything about the VR5BA/VR4 who was on 21 mcs. around the last of March? Several references were heard on the air but nil reported on this one.

QTH's

CN8HQ P. O. Box [illegible], Fedhala, Fr. [illegible]
CT3AV via W[illegible]
TI9SB via T[illegible]
VQ2AB via W[illegible]
VU2RM via W5KVQ

"THE LX BULLETIN"
Published by the West Gulf DX Club
[illegible] - Kerrville, Texas, U.S.A.

23 Apr. 1960

Sec-T[illegible] - H
Editor W5AZB

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club--

***

The MALPELO trip is now set and travel arrangements are for them to arrive on the island May 13th for a five day stay. Operators will be W9EVI, [illegible] can still use one CW operator. They can have five W"s on the trip and [illegible] like. Mac says "this is absolutely the last crack at Malpelo so we must make it". It is understood that W4KVX, who did much of the original planning on this trip, decided not to go because of the many kicks that he was [illegible] fine operating will be missed and it should be understood that his expense money was being provided by W9EVI and others.

W2FZY furnishes information on a trip planned by [illegible] who is ex-VQ4EO. This trip is planned for May 10th and will include FD4, 2X4, KP4, 7G1, Ivory Coast, Cameroons, and Dahomey. Probably only SSB will be used and no other information is available.

ZB2[illegible] had trouble with the printer of his QSL cards [illegible] had to have them printed three times before they were right. Will Air freight the cards to ZB2D in [illegible] and made over 1500 QSO"s on the trip although not a DX"er himself. (W4[illegible] & KO[illegible]AS

W9KOK is in possession of the complete logs of AC4RN and can furnish QSL if you failed to receive one. SASE necessary and no duplicates.

The regular meeting of the SX Club will be held at the West Gulf ARRL convention in Dallas, Texas, June 18, 1960. This announcement will be [illegible] interested to meet in some other available room. It is suggested that [illegible] immediately notify the Editor in order that his name may be printed along with his call letters. An election of officers will be held at this meeting.

Signed: Allen F Wagner, K0CEW
Pres. W4DAG

Reg, FB7FT usually operates around 28478 on SSB and listens in the USA fone band for both AM and SSB. (W5AHV)

KZ5ET advises the CZ-25 certificate may be discontinued soon. (W5AHV)

***

Barring any travel complications it now seems certain that the Malpelo operation will commence 13th May and last not more than five days. Look for them on 14110, 21240, 28580 AM fone; 21040, 28040, SSB (these freqs. not available); 14040, 21040 CW. Other bands on CW at least depending on conditions. Operators are [illegible], K9DDB, [illegible], W4KVI, W1BIK, K5BZ, and KR5SG. Equipment will include at least three transmitters and four receivers. It is understood that the call [illegible]U will not be the one used as it was issued for the trip that folded. QSL's go to SWLNI Radio Club station K9NVF and be sure to include SASE or QSL will go via the Bureau

VO8PQQ says the VU boys shipped one half of the VU2AIJ QSL's on 1 April and the other half on 23 April by surface mail which requires about five weeks. Reason for the cards being made out in India was due to fact that the logs could not be sent out of the country.

VR2DX is now back in Australia and will not be returning to VR2. Vk2ZL, if is not interested in collecting the QSL's from the Vk2 Dawson, so the only hope is for the gang to buy him a set. VR2 should appear on SSB soon. Part of the gear go, was in transit to Fiji, one he has been assigned VA and plans to use this as soon as organized. The chances of VR2BA/VR4 being legit are extremely remote. Prin cal, is located in a Boys Club, and the chances of their being in VR4 and operating from there are very small. JZ0MK has QRT for about 6 months leave, JZ0RC will be leaving in July. Thanks to Frank, VK2QL for the above bits of information.

ZS1YP active mostly on 14 mc. ZS0 being one of the "company" transceivers. W5UHL is procuring for him a Dipole and assisting with parts for a final. He has a tower and beam antenna in the making. In answer to the rumors that he was operating illegally, Jack sent along photostats of his license.

9N1TT has only 30 watts input to a 100' dipole. He is the only station on AM fone in Nepal. QSL c/o American Embassy, Kathmandu, Nepal. (HR9J)

Some queries being received in regard to Ho[illegible] QSL's. If anyone has received one please advise. Advance information was that cards would be handled by W6AZ.

QSL's

The following item from W[illegible] of the DX Radio Corps

We have been swamped with incoming QSL's. In the past we have [illegible] which is on our own (both in time and money) to forward the [illegible] of the various networks or the bureaus. This is costing a [illegible] Approx. $10.00 per month. In the future we request a [illegible] additional return envelope at our expense. It [illegible] the only way that [illegible] of that the information can be [illegible] quickly. Our [illegible] and envelope service customers are [illegible] but when [illegible] we will as previously look after all [illegible] and [illegible] our membership now and are over 2,[illegible]

73 & Thanks, Bill Tagan,

[illegible] will be held at the West Gate [illegible] at the Eaton Hotel. [illegible] a social for all West [illegible] in some other available [illegible] possible second. Each [illegible] qualify the Officer in order cha[illegible] all issues. An election of [illegible]

[illegible] will open on Friday after[illegible] follows. CU Dallas.

73, Allen [illegible] Pirgatz, W5OEW

Vol. 1-#5 "The DX Bulletin" May 1960

Published by the West Gulf DX Club
Box 227 - Kerrville, Texas, U.S.A.

Pres. W5CEW
V. P. W5VU

Sec-Tr. W5PH
Editor W5AZB

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club--

ZL2GX reports he has sent ZL5AA cards to all requiring them and that he is still working on the situation for ZL5AC QSL's. Also ZL4JF located on Campbell Island has received his requests, family and made his first QSO's on 20 meter fone on 30th April. Unfortunately he has to be QRT on all bands during May because of Ionospheric work in which he is engaged, but will be very active as soon as this work is over, probably about 1st of June. ZL2GX is his QSL manager as no regular mail service to Campbell.

Jock also notes that Mike, ex-ZL1ABZ is now VR1D and hopes to fire up from Funafuti in the Ellice Islands with 100 watts AM fone. Jock will handle his QSL matters as before.

ZL3VB Chatham Island endeavours to be active around 14010 from 0430 to 0530 GMT each Sunday. This time may be cut short at times as Jack is extremely busy. He states however, that at times he has called CQ without replies. (ZL2GX)

VK2FT Lord Howe has not been active since vacation in VK. ZL2GX will organise skeds again as soon as possible. Further information from VK5LV that VK2FR will be transferred to Australian mainland in October 1960 so get your contacts in early. QSL's via W2CTN.

The following quoted from letter of VK9HC to VK5ARX--"Being new at this game makes it hard! I haven't received my cards yet as the chap I asked to send them seems to have forgotten. I haven't worked much DX for that reason as I have already a pile of cards to answer. One thing I've found that impresses me is the friendliness and help of all the hams and whats more thay enjoy doing it! As soon as I get my cards, I'll QSL 100%". Full QTH is Joe H. Collister, c/o Cable Station, Cocos Island, Indian Ocean. (note to members in Wyoming, Utah, Idaho, N. Dakota, and West Virginia, please look for VK9ARX as he needs those states to complete his WAS.)

VQ4HX plans to go to Zanzibar (VQ1) May 16-17. He will be on 21 mc. AM fone only, unless he can borrow Robbie's KWM-1. Then of course he will be on SSB. (W6DYN)

Last minute business prevented Mac W9EVT from going along on the Aldabra trip. The rest of the gang are on their way and should be on the morning of the 13th for about 5 days. Besides the 5v frequency of 3900 they will look for them on 3504-7004-28040. The call will be [illegible]. QSL's go to K9DVF. Be sure to include SASE!

The trip of OH0QX to 3A has been called off and Eeo is now figuring on a trip to San Marino (M1). (W3HZ via K[illegible])

FB8GP in the Comores has passed away. (VE3KW via K5EAD and W4AAC)

9N1MD Marge Bennis, USOM, Kathmandu, Nepal.

W3LMA received his 9N1GW QSL direct according to the information in Bulletin 13-60. Also a card from Glenn Hill has the following information. "I am planning on going to E. Pakistan and Sikkim a little later on. Dont know when I will be get but hope to go in about a couple of months if I can get all the details worked out. There are lot of problems in this part of the world so it will take time. Tell the gang to be patient and I'll make it. (I hope) Hi!"

OK1AW is the island op for a few days only at TU5A Mitao QTH is in the Republic of Guinea (AF-FR0) about 700 KM from Dakar. They are using 150 watts to a long wire. QSL's go to OK1PD, Box 69, Praha. (W5FJ)

MEMBERSHIP LIST OF THE WEST GULF DX CLUB

DX STATIONS:- To become a RANGER and receive the handsome DX RANGER CERTIFICATE, the DX station must work twenty-five (25) members of the WEST GULF DX CLUB and QSL them. Then, send a detailed list (NO CARDS) of your contacts to the SECRETARY of the WGDXC. The list must be certified that all QSO's are correct and each QSO sent a QSL card. The recipient of the award does not automatically become a member of the WGDX Club.

No. 60-60 "THE DX BULLETIN" 19 May 1960
Published by the West Gulf DX Club
From: W5CTT Box 227 - Kerrville, Texas U.S.A. Tel-TE 3-3[illegible]
V. P. W5VU Editor W5AZB

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club

Eric ST2AR writes that he visited Randy WA2AMD (DDXC) in Detroit last week-end and that Randy will be in Khartoum on May 22nd on business for a week or two and will bring along his [illegible] as their [illegible] and this will be the first [illegible] from ST2. QSL's to ST2AR as usual...QSL's with IRC's and preferably with self-addressed envelopes will be answered in a few days...anything else via the bureau. (letter dated May 11th)

W2FXN says that Randy will be signing /EP in early July on SSB and that this will be a vacation trip for him. There is some doubt in this editors mind yet as to the official status of these /EP contacts as far as W/K [illegible] it had been cleared with FCC on March 30th who said such QSO's are OK. It is [illegible] FCC at that time and asked clearance for W/K contacts. At mid April the word from W7PHO was that the FCC station in Portland Oregon had instructed [illegible] stations have since been told to not issue citations. FCC officials have been quoted saying it was OK but not use their name in connection with it. Some ARRL officials have expressed the opinion [illegible] but no one in authority has yet given out anything official though several prominent DX'ers are known to have already received QSL's. I have probably been too cautious on the subject but did not want the Bulletin to be responsible for any possible embarrassment to the members.

In QSO with the ISB station of HKØTU Sunday morning who said to that time they had [illegible] and that time had run out on them and they would not be able to operate from Malpelo. In a CW QSO Sunday afternoon it was learned they had been able to return and pick up the generator and were then returning to HK. a very disappointed gang after all their planning, time, and expense. No word has been received from W9EVI of any possible attempt in the future though rumors have been heard of another try.

VQ3GX told W5KC he was going to Zanzibar May 19th or 20th and the call would be VQ3SSB. Vince did not get time or frequency due bad QRM.

VR5AC and XYL [illegible] W5OLG who reports they expect to be back in VK6 in June with a [illegible] rattler working lots of AM fone. No promise of sked on CW. Bob [illegible] exact word yet from Tom VR5AC.

According to WIA the operation of VK3BA/VK4 is not legitimate. Several stations should be on from VK4 soon. AM and CW only. (K5MDX)

Look for KP6BV Johnston Island 0500 to 0800 daily 14240 to 14245 mostly on week-ends. (VE7ZR via HB9J)

The remains of [illegible] CW [illegible] from Iaga [illegible] and giving QTH's from all over for QSO's they didn't make. (VK5NO via W9GFF)

ZK1BS told G3FXD that in the next couple of months he will be regularly on CW 21060-21080 from 0700 to 0800 GMT. (HB9J)

9N1MD is Marge Dennis, XYL of Ralph 9N1CJ. Last weeks Bulletin had the name wrong but was printed exactly as sent to us. While on the subject, please to print or type plainly which will aid in more accurate plus faster preparation of the Bulletin. QSL's for Ralph or Marge may be sent to: 9N1.., c/o USOM/N, APO 143, Box KAT, San Francisco, Calif. Air Mail service is 1¢, SASE also 7¢. Return Air Mail takes 3 days. The same QTH is also good for 9N1CW. (K2OAH & KA2DE)

[illegible] has [illegible] [illegible] cards from CR7ES, CR5AR, VQ2SB, VP2KR, FR7ZD, FF8AK & 9M2GR.

FE8CP told W5KC he was using the Ted Henry Argonaut rig for one week then it goes to FR7 for one week then to Mauritius (VQ8) for one week.

PY2CK is now at 298/296 Fone and would like help from any of the members in geting AC5PN QSL for QSO of April 1956. (W4GXB)

The annual meeting of the Club will be held immediately following the DX talk by Bill Orr, W6AI. It is urged that as many members as possible attend. Besides election of officers for the coming year, there will be a discussion and possible changes in Club Constitution. If you plan to attend please advise the Bulletin or W5PM, W5CEW, W5WU so that your name can be printed along with your call on the program.

We have received (thanks to W2DEC, DX ed[illegible] WPX record books and application forms [illegible] be sent anyone desiring them on receipt of your request with [illegible]

QSL's from W2AYN/EP have been received by several members who report ARRL has issued DXCC credit for them. From this it seems certain that sanction has been given at least in the case of W2AYN/EP and probably also for W5ZA/EP though nothing is known regarding the status of DL2MO/EP. Still no official announcement from Washington or from ARRL on the subject, so proceed according to your own convictions. QTH for W2AYN/EP in the QTH section.

A prominent Persian Gulf DX station will operate from Yemen this summer, possibly as early as June. A KW-1 is enroute to him by air now. (W4QCW)

VS4JT will operate from VS1 May 26th and 29th. He will be on SSB around 14,200 using a good transmitter and antenna. He also says that [illegible] a 32-S1 on order and that it should arrive within a fortnight. (W4QCW-W4YW)

Contrary to rumors WA3FH says he will remain active indefinitely. (W4QCW)

A program of interest to DX-ers may be heard at 2 15 GMT over Voice of America station WLSX on 21,450 mcs. Program is narrated by Bill Leonard, W2HMZ and includes results of recent DX Contests, Band Conditions, and Interviews of famous Hams. (W5NJ)

VK2AWX says he has not received answer yet from VK3AG regarding helping on his QSL problems. Mail is slow and only every other week. (VK2NN)

VK3KB says that ZL4AY not expected on from Campbell Island until June 2nd. (VK2NN)

ZL9PF and his buddies will be in America again as FX4PF sometime during late July.

Danny has been very active the last most of his days from Portugal as CT3YB. QSL's should go to K1AMA with SASE.

HV/AA was on as scheduled last week-end.

JT1AB is active Mondays at 0700 GMT around 14,100-2. (W5NJ)

So far there have not been many reporting intention of being present at our Annual meeting at Dallas June 13th during the Mid West Gulf SWL Convention. Quite a good number will be present to help elect new officers and participate in other vital business. If you plan to be present please notify the Bulletin or W5 M, [illegible]VU, or W5DEY as soon as possible so the necessary arrangements may be made.

73, Sandy

No. 22-60 "THE DX BULLETIN 2 June 1960
Published by the West Gulf DX Club
[illegible]

Permission is granted to reproduce any part of the Bulletin provided full credit is given to the Club--

***

The trip to ST2 by Rundy, OD5CT has been postponed and he is now due [illegible] ST2AR. He plans to be in Iran for about three weeks during July-August as W3ZA/EP also SSB with maybe some CW. During September-October he hopes to be on from the Kamaran Islands in the Red Sea in company with VS9ARS. Call not known at present and country status doubtful.
(W5MMK-W8BKO-WØQVZ)

From VK7ZH via [illegible]—"[illegible] been very active lately on [illegible]-20-330 and mostly around 1800 to 0030 GMT. Also Russ sent along note from K1JVT who is QSL Manager for [illegible] complaining that he only has the logs for the Fone and CW CQ DX Tests and must have other QSO's confirmed by letter which is a slow process with the touchy situation in the Cameroons.

DL9PF and DL7AH plan to be on in July as PX1PF for ten days or two weeks W1HGT received this direct from DL9PF. Also from Andorra from 10th to 14th August ON4RC and F9XM as PX1RC on AM and CW only unless someone with SSB gear wishes to join them. If interested contact ON4EL (W8BKO)

WØQVZ says CR6CA is thinking of DX-pedition to CR5 (Sao [illegible]) [illegible] from W2YZH that CR5AR is active from there yet on 21 [illegible] received QSL without the usual dollar. Regardless, [illegible] ed this week from DL9PF--"Regarding CR5AR, Amarilio Ra[illegible] St. Thome Islands, tell W8KBT the secret: QSL cost 1 buck!!

W2FZY says that Danny and Company are waiting for license from HK to operate from Baja Nuevo Island (about 140 miles southwest of VP5) which they figure should count for new country. They may be on there about 7th June and the call probably HKØ. Now on as VP5VB (Jamaica)

W2GNQ requests information on the VQ1SSB he QSO'ed November 1959. Was it legit and any QSL's received?

K5MWH asks if anyone has received QSL for the recent KG4AM operation.

W8KBT needs QTH of LZ2KBA or LZ2AW.

W2DEC needs help on VP8BK confirmation. (LA1RC was the operator [illegible] QSO'ed in 1955 and QTH on my VP8PE card same as in current Call [illegible] for LA1RC--ed.)

"HEAR"

Fine German Jose U, Funny OD5JT says he will operate ST2AR from June - 23 through July 1 on SSB and will operate as VS9ARF July 3,4,5. (W2YDO)

Ted, ex-VKØTF is now in the Northern Territories presently using his old VK5TF call. He thinks he will possibly be VK8TF when authorization comes through. He is only running 20 watts CW, Xtal 14080 and 14100. See QTH below. (K6CQM)

Can anyone help with the present whereabouts of the following; VO6EE, VO6LT, VO6X, VO6L all for 1949, 1950-1951 and [illegible]-1952-? (WØIED)

For those who missed XE4, Carlos, XE1CV informs me there will be SSB operation from Socorro in the near future. (K5LAS)

9G1CX DXpedition first stop will be ZD2, then Togo next ZD3. Others announced later. Togo may have other then FD8 call depending on politics. He will use a 5000V [illegible] amplifier and [illegible] London via air. OSL's go via [illegible] and S.A.S.E. and [illegible] (W2YZ)

Would like to know how W8BXT received his card from HCCC8. (WØJWL)

WØQVZ needs the present mailing address of Andy Goodwin MP4DAA.

For Sale-Hosley TA33 Beam, 10 months old, $65.00----2 Elmac 4-250's @ $25.00 each, B&W 850A coil $20.00 (W8KBT)

Jack, W5CEN informs us that he is going to Dallas and he will not make it in time for the convention. He is looking for the call of 5STN and ET3MA. (WØOBW)

Received the usual Albanian confirmation for QSO with ZA2BAK, an SWL confirmation from Radio Tirana. (WØOYA)

Revd VU2ANI card about [illegible] IRC. See QTH Below. (W[illegible])

"NEWS"

An overflowing crowd of more than 50 attended the DX club meeting during the West Gulf Convention in Dallas and the club hospitality room was overflowing with DX'ers. If you, were not there, you missed DX fraternalizing and fellowship at its best. Just ask any of the following who spied the register and put their call thereon.

W5PM, K5LLL, WA6EYP, W5WOI, W5EMB, W5DEC, W5TPV, W5OID, W5SJY, W5AVL, W5AC, W5AO, W5VUR, W5WK, W5WK, W5URD, W5RCW, [illegible], W5[illegible], W5[illegible], W5OZH, W5[illegible], W5OCT, W5[illegible], W5[illegible], W5OLW, W5SIY, W5[illegible], W5VV, W5LIA, [illegible], W6SAI, W5RO, W5JC, W5AAC, W5[illegible], W5[illegible], W5[illegible], W5[illegible], W5[illegible], W5[illegible], W5[illegible], W5ERY.

New officers elected; Durward Tucker, W5VU, President; George Welch, W5OE, Vice President; Jack Warren, W5[illegible], Secretary-Treasurer; and Bob Stark, W5OLG, R.W. Van Kirk Jr., K5OSH additional members of the Executive Committee.

DL7AH and DL9PF's DXpedition to Andorra under PX1PF is set under the following conditions:
From July 10 until [illegible] receiver and Apache transmitter all bands 3.5 to 28 mcs. CW and SSB. 24 hour a day operation.
Like "tail-ending" up or down our own frequency.
QSL's via DARC, P.O. Box 99, Munich 27 or direct to DL9PF with a S.A.E.E. and logs to [illegible] (DL7AH)

ON4RC will be on from Andorra as PX1RC from August 10 to 15. He hopes to have F9XM along and will operate 15 meter fone. Other modes and bands will be used only if 15 is poor.
AP2CR says he may be on SSB from East Pakistan with [illegible] in [illegible] summer or early fall.
VU2NR states he hopes to go to the Laccadives Islands (VU4) in December or January 61. He said most of the funds have beens raised by W3RIS. (K5MDX)

ON5UF is leaving for home June [illegible] and will visit for a day or two with W2FXN, W3GHD, W3CTJ and W2ZX.
The KWM-1 has arrived at 9G1CX but Pauls Austin Healy tangled with a bus. He expects to start within the next couple of weeks. So far it looks like he will make ZD2, Togo, ZD3 and FF4, etc. (W2FXN)

Following is an open letter to all DXers.
Dear OM, I wish that there were some way through which we could say an eyeball QSO, but since that is impossible at the present, I have decided to write and tell you my problems.

I have been trying to get permission to take a dx-pedition and I am sure that you would be interested in seeing me go to 4W1-land. I am aware of the fact that this country has been turned down to many of the other fellows, but I will have hope of being able to get into 4W1land somehow.

I am trying my best on this end, but I am sure that if I could get a dx-pedition [illegible] the fellow here, that this would have a great influence on the possibility of a favorable request to him.

letter continued

So what I would like to have, is to receive a letter from as m[illegible] of the hams as possible, and I am almost certainthat I will be able to get some sort of a 4W1 QSL for each of you fellows.

I am hoping that each of you will take time to do this for me, and in turn you will pass the information on to your friends and see how many letters I can get together here.

Remember there is nothing definate but I am sure that if I can get enough backing from you fellows, that I will be able to come up with something.

Hoping to hear from you soon, I am;

Sincerely Yours ,

Mark F Slapaugh
46th USASA ORNS Co.
APO 843 Box 404
New York, New York

Came home from the convention and found my QSL from VQ6GM, Don Bushe. QSO 4-5-60 on 21 mc. at 2200 hours. Information on the card indicates that VQ6 and I5 will consolidate as of June 26th. Quite likely a new call will be issued to take care of the new country formed by this union. (W5JCY)

Danny Weil of Recent HKØ fame is engaged to be married!. (W2YBO)

NEWS

VQ9TED will operate from the Seycheiles on 10,15 and 20 SSB for 6 [illegible] make trips to Aldabras Islands, Agalegus Islands and the Chagos archipeligo with a KWM-1 (W2YBO)

W5NHE received his HC0C8 QSL from W8MXS. S.A.S.E. did thetrick.

[illegible] of 90 members he has worked for his DX Ranger certificate. He mentions that he is now on 15 and 20 CW and will be on AM as soon as a driver transformer for his Viking II arrives.

Regarding bulletin 24-60 tell WØJWL I revd HC0C8 QSL from W8MXS. I understand KC6AQ is in western Carolines and not Eastern; also VS9OA is in Oman not Aden. I would like to know if I am wrong. I still need the address of VS9OA. Also where is VP9LS. (W8KBT)

Paul, 9M2CX has definitely called off his planned DX-pedition. The following reasons are given; Early reports of the KWM1 arriving in Ghana proved false. Pauls crack-up in his Austin Healy with a bus caused a nasty injury to his leg. The political situation has caused an economic problem and nesessitates his early return to England. Paul is very sorry and hopes everyone will understand.

Rumors of a YG2CC in Lithuania to show up on 14320 SSB. (W4GRP)

Lambert, ZS6IF, is going to visit ZS7M for two weeks and will operate some under ZS7U call. He leaves July 2 for Swaziland. Says conditions very poor there but is putting up new quad and later hopes to set up ZS7M for those who miss him there or need ZS7 later. ZS6IF plans [illegible] will needs North Dakota, Idaho, S. Dakota and Vermont for WAS. Those interested please look for him starting July 3. (W4PLL)

More on PA1RU: ON4RC and F9XM are going to be in Andorra operating [illegible] from August [illegible] to August [illegible]. [illegible] of F9XM [illegible] Station will be 10 watts input and only AM Fone. QSL to ON4RC. (DL9PF)

12 June 1960

It is with regret that I announce the death of West Gulf DX Club member, W6ZYR, Omer Wright. Omer 45 years old, died suddenly this morning of a heart attack. He was well known on the DX bands, being an avid DX chaser and was a Radio Engineer employed by KSBW-TV in Salinas California. (K6FOZ)

Does anyone know how to get a QSL from VS9AZA of last year? (W1WQC)

Welcome to new West Gulf DX Club members: [illegible] K9OZH, W9BH and Earl Harrison (call unknown).

West Gulf DX Club Bulletin Reports Forms.

These list SW stations from Fone. Listings more than 10 days old at publication will be used as space permits. Deadline is NOON WEDNESDAY!

WEST GULF DX CLUB
General Information

I. Our Club is a non-profit organization of radio amateurs who have a keen interest in DX.

II. MEMBERSHIP
U.S. - $ 6.00 per year, regular mail; $7.50 per year, air mail
Foreign - $12.00 per year, air mail only

III. BULLETIN
We want to emphasize the fact that the club is not in the publishing business as such and does not sell "subscriptions" to the weekly DX Bulletin. We exchange information through our bulletin and try to keep all members posted on new DX stations, expeditions, etc.

IV. DX REPORTING
Each member is required by the club constitution to submit news and reports at least twice a month to the Bulletin. This was written into the constitution to make each and every member realize that he has a personal responsibility for the club's well being and to assure maximum usefulness of the club to its members. Each member should realize that publication of the bulletin is a cooperative affair and that the bulletin can not exist without regular receipt of DX material from its membership.

V. CLUB FUNDS
The officers and editors receive no pay nor compensation whatsoever for the many hours they devote to club work. The club dues are set such that this work must of necessity be done on a voluntary basis. The club dues are used entirely to meet expenses in publishing and mailing our weekly DX Bulletin and occasionally giving the DX Ranger Certificate to rare DX stations who have worked a minimum of 25 club members and have sent QSL's to those members.

VI. BULLETIN EDITORS
Clay C. Fry, Jr., W5GNG, Vernon G. Parker, W5KBU - P.O. Box 450, Odessa.

VII. EXECUTIVE STAFF
President, Vice-President, Past President (Al Wingate, W5CEW), Secretary-Treasurer, Editors; also Bob Stark, W5OLG and R. W. Van Kirk, Jr., K5OSH (elected).

West Gulf DX Club Bulletin - P. O. Box 450, Odessa, Texas
President - Durward J. Tucker, W5VU, Radio Station WRR, Dallas, Texas
Vice President - George Welch, W5CE, 2276 Des Jardines, Houston, Texas
Secretary-Treasurer - Jack Swanson, W5PM, 9015 Linkmeadow, Houston, Texas

"NEWS"

WANTED ONE OPERATOR WITH BUG TO GO TO EAST PAKISTAN.This is no joke.Herm. 9N1GW wants some help to put this one on the air in September.At the present time only he and his XYL will be going to Dacca and he asks facsimile as he knows he will be snowed under.If you know of anyone who would like to please contact W1FEO for more info.Equipment will be there.Part-time a good hot bug.(possible SCI at same time) (W1FEO)

From Zola,ST2AR via QSO with K5KBH."Our QRP operating run from 20 June to 30 June,Larry's 68 countries uploads like QSO's.QSL's for W/K/KH/AL/ should be sent to Larry.(K5KBH)where direct to me.Note,that VI is all water page." (K5KBH)

AP2CR may be showing up from East Pakistan,whilst on a business trip and with very little notice.14 MC SSB.
VQ6 and I5 merged under the Somali Republic and the new prefix will be 6O0...for instance VQ6AB becomes 6O0AB ! (G2BVN)

PX1[illegible] said they lost their 40 and 80 meter ground plane in a storm but they are going to put up new GP for 40 meters and a long wire for 80 meters pointed at the USA. (W5KC)

All QSL cards for the VU2ANI operation have been mailed as of July 5. Cards were sent direct if a SASE or sufficient postage was provided.The remainder of the cards were sent to the various Bureaus.Persons who did not receive a card direct or through the Bureau should write to VU2ANI.

5A5TS is at VA[illegible] and can be reached at P.O. Box 179,Tripoli.Libya.He will be glad to furnish cards for contacts while in Afghanistan,for those who did not receive them. (W8PQQ)

In letter received yesterday from AP2HZ June stated the entire family are safely out of Congo-land.They also got their household effects out and all has gone out their Belgian auto.They went to Brussels.They visited with VQ4EMP and VQ4ERR.They plan to leave for Brussels by ship and start a new life [illegible] Brussels,Belgium.
I know that many hams will be grateful to God that our friends OQ5LE and OQ5GU are safe! (W4OJW)

G3CWL will be operating from Monaco as 3A2DA from July 18th.QSL's go to his home QTH.Mostly CW.
In a letter dated May 5,1960,Ohlsson AC5PN,said that he hoped to be [illegible] in two or three months. ([illegible])

Would like to know how to get a QSL from HV1CN.Have sent a SASE a couple of times.Worked him on SSB abt 7 months ago. (W9WIO)

From QSO with VK3ARX 7/6/60.Joe VK3DEC has QRT.His 2 [illegible]ld son contacted coral poisoning and he had to return to Perth for [illegible] the boy. The boy is recovering now. (W9[illegible])

ZL2GX is now QSL manger for the following stations;ZL4JF.ZL3VB ZL5AA,ZL5AC,VR1D.
Jock says,"No mail service to Cambell Island for ZL4JF so unless QSL's come by me they cannot be answered until Ian returns to N.Z. probably in Nov.1960.....At last I have ZL5AC logs and will dispatch QSL's through the bureau unless IRC's are enclosed for direct QSL's.....ZL3VB still active,mostly 0430 to 0530 on 1401Okc Sunday.....VR1D,Ellis Island will be there for at least a year. (ZL2GX)

Please excuse us for being a day late this week. I just got back off my vacation and found about 60 letters waiting to be compiled. We were rushed for time so I did not list the DX reports by order. So too I got off I started my typing stuff this morning. Due to the three shows in the Bulletin this week we are unable to send any report forms. We are going to print up a large quantity of they and if you will mail us a large S.A.S.E. (4c) we will return you about 15 by printed matter.

CU next week.

"NEWS"

Byran,MP4BDA,MAB,TAE,QAO writes to tell us,"VS9AZA was a pirate and therefore no cards forthcoming.This was checked personally with the Aden license authorities by Rundy,W3ZA.
MP4DAA may be reached via G2SB as in call-book.
VS90A's QTH is c/o R.A.F.,Masira Island,Sultanate of Muscat and Oman, B.F.P.O. 63
Can we please once and for all clear up the VS90/MP4M situation.The situation is as follows;The person in charge of radio license in the Arabian Gulf is Her Brittanic Majesties Political Resident in the Persian Gulf(to give him his full title).His jurisdiction covers the Independent Sheikdom of Bahrain,Qatar and the Trucial States and the Sultanate of Muscat and Oman(which includes Masira Island and an area to the east of the Aden Protectorate called Hadraumaut,which was formely part of Aden).Amateur licenses for all of the area are issued from the British Political Residency,P.O. Box 3 Bahrain by a Mr. Garth on behalf of the HBM's Political Resident.The aforementioned Mr. Garth checks with the British Political Agent in each territory before issuing a license for that territory.The authorities in Aden have no powers,radio lisensing or otherwise in these areas.The correct call for the entire Sultanate of Muscat & Oman os MP4M.The stations who signed VS90 and ZB2A/VS9 operated without permission ans were deported by the RAF by request of the Sultan!
The stations signing VS90A,OO and OM are also unlicensed and operate from the RAF base only with the permission of the RAF commander who has no license issuing power.Despite frequent request the VS90 stations have not applied to the authorities for permits possibly because they do not hold sufficient qualifications to obtain a proper license.All the above information can be checked by writing to the proper authorities at the box no. given above.The latest license holder is Rundy,OD5CT,W3ZA, who has been issued the callsigns MP4BDD,4MAG,4TAI and 4QAQ for operation in the Gulf during the fall this year.
Finally I am hoping to visit Qatar,the Trucial States,the Sultanate of Muscat & Oman and Possibly Yemen again. 73,
Bryan A. Bisley,G3OFI.

NEWS

VP3YG says he is on 20 CW regularly when worked on 8/1.He normally has to QRT at 1030 GMT to go to work. W5EX

Rundy told mt that he could not make it to EP as scheduled July 22-Aug 6 on account of business but will go to Cairo next week and at the end of next week he will go to Turkey and from there to Iran. W5KC

K4ORQ/EP is now active and says he and W2AYN/EP are the only stations in the game.
Rundy is also planning a trip to French Somaliland from December 8-12.The call will be FL8ZA on all bands,CW and SSB.
Jim,ex-VR3V,is are active from G3MEM.He says he has sent all cards via the bureaus.If no received a card somehow the--,they seem to be going astray he tells me.If anyone needs his card and has sent him a card he asks to try him at G3MKG.
VK4's CW and JB have recently been active on 14 MC. CW and Fone around 1000 GMT.They both work at the commercial rig in Honiara. K4RID

New VK8 Stations are OAE and BW in Alice Springs,and 8AS,GU,OW,NE,PL, ST,TF,ZG and ZDW in Darwin.ZDW in licensed for VHF only. 8TF is ex-VKØTF and active 14MC CW. K5LIA

First Asian DX Contest CW only August 27-28. JA5AF

Attn KC6/WCI seekers.Look for KC6AQ on Thursday AM from 1130 to 1300 GMT.Freq. from 14255 to abt 14305.He works KG6NAB with traffic.
Word from WB0LJ the Yasme Image [illegible] QSL traffic.They will be in PK land in Jakarta.They hope to operate from there. W1WDD

The word is out to the effect that KV4AA is no longer handling QSL matters for the Yasme III voyage.It is said he will complete the work of unswering [illegible] however.It is not known whether [illegible] has severed his connection with the Yasme Foundation. W5HDS

[illegible] is renting [illegible] equipment for coming [illegible]/9 expedition.
Did anyone ever receive a QSL from ZD1GM? W9IHN

9U5KI Urunda-Urundi operates on 21240 and 21265 AM abt 0000 GMT..... FF4 and FF& are also active about that time. W5KGX

W5PQA,ZM7DA needs some back issues of the Bulletin.Dec 25,59,Jan 1,60, Feb 19,60, If you have these and will send them to me I will make some copies for Dec and send yours right back.-ED.

MAKE A NOTE OF THIS:

The West Gulf DX Club QSL's are available from Ham Specialties,Box 3023 Bellaire,Texas.

When your dues expire please send them to the Secretary at 9015 Linkmeadow Lane ,Houston,Texas.Please do not send any money to the editors,we have a habit of spending it!

The prices for the club cards are:100,$3.95;200,$5.60;500,$10.50' 1000,$18.25.....

VE2WW-We sent your order to the printer.

Please check your expiration date on your last bulletin.If it says 7 and we don't hear from the Sec. by next week we will pull your plate. We plan to continue printing the members that expier each month but we forgot the last three weeks.

"NEWS"

British Virgin Islands.Bob,WA7WX is active from VP2VA starting Aug.5 for two weeks.Mostly 0230 GMT on 14100 CW.If possible during the day on 21100 CW.

Puerto Urundi.Many stations active in local evening hours (7-9? PM) on 21 MC. AM phone.9U5VS,Raymond very active with W's in US phone band 21270.Also 9U5DM around 21120 active same time.

Ellice Island.VR1D will be on following Xtal freq. from Sept.1st as VE7ZM.Bill sent him new xtals:14110,14136,14160,14190.By that time he will also have a beam.VR1E on Tarawa will come on air this week and VR1F on Ellice Isl. next week.

Socorro Island XE4.VE7ZM sez he will join the mexican ex-pedition taking place last week-end in January,1961.SSB freq.14180 and CW will be given later.Special lookout for Europe that time Bill sez. (HB9J)

VP3YG-Says he is on 20 CW regularly when worked on 8/1.He normally has to QRT at 1030 GMT to go to work. (W5EX)

Look for something significant to happen in French Equatorial Africa. FQ8.August 15.(per FQ8AF)
There is a rumor that some YV's will activate Aves Island.Can anyone confirm? (W2ZX)

W8UTQ/3V8 writes W5PM."Just rcvd my carsd yesterday and trying to get caught up a little.We work for the International Cooperation Administration as a communicaviions specialist and will be here another year.So am sure I will see you on SSB soon.I will have a beam up in a month or so.
I am ex-XW8AH and I have my logs here with me.Anyone not receiving a QSL should write to me here in Tunis." (W5PM)

The "Buzz saw" noise between 14026 and 14046 is reported to be a harmonic from a jamming station located in eastern Europe.....
We are happy to report that the Yasme expedition QSL matters are being transferred to W8EWS and KV4AA will be relieved of part of the heavy load associated with the "home base" of Yasme operations. (W5HDS)

DL4PS says his dx-pedition to San Marino is postponed indefinitely as he can not get permission to operate from there.There is still hope though and he promises to keep us informed.....
CR6CA and CR5AR are ready for Ajuda and San Thome Island trip in about three weeks.No permission as yet for Annobon Island from the Spanish Govt. (K6LAS)

Dear,pitiful [illegible] has not received [illegible] KWM-1 nor the special 2 element beam and until he does he will not set any date for the East Pakistan trip.....About the Bhutan-AC5 trip-he wants the boys to understand that this trip involves a 12 day hike in over very rugged trails and of course a 12 day hike out again.At present he does not have the time to devote to such a trip.(W6GPB)

Received a QSL from VS9ARF.Ray.and he advises that he is now official QSL Bureau for all VS9 eden stations.(S9AAM,the for QSL manager is now QRT and bound for Galand.(VS9ARF is G3MJI)
(W9[illegible])

VQ4HT will go to VQ7HT about Sept. 8 for about 10 days.Looks like mostly CW as he is a good op.
Sorry MP4BMA cancelled his last trip to 4W because he heard many prominent DX-ers say he really was not there He has proof
([illegible])

5U7KH has given up his expedition to Yemen because he is too busy with his work.He says 3U1LO has plenty of free time and could possibly be persuaded to go.(?
LZ1AF,Ivber is the editor of Radio Sofia's DX program which is beamed at North America on 9700 kc the first friday of each month at [illegible] a2-"CQ de LZ DX program for hams".
(W4QCW)
Just received letter from Lambert.ZS6LP.He now plans to be ZS9 from November 5-14 on 7005,14010 and 21015 kc/s.Will operate around the clock.
(W4PLL)
W2AK writes,"My apologies to the gang for the delay in sending out cards for our recent SSB effort but new cards have only just arrived from the printers.
Heard a certain W4/MM in QSO with XS9A on 7/26/60 14mc.He was supposed to be in Shensi province on China and named Chang. Could be or but believe he is on your banned list.(eds note. China is not on our ban list)
(ST2AR)

Zas CR8AC has been heard very active on 21250 lately and now another Zone station has appeared.CR8TC,14100 around 1560MT,he says QSL to Box 122 Dunc,Goa.
Albania.ZA2BAK heard here in Sweden at 1824 GMT on 14mc CW with 579 sigs.His name is Bekiri and he will be in Leipzig(?) to attend shortly.He seems to know EM2ACB ex ZA2ACB,who in the past got a 5 day license.
M2AYN has also got the calls EP5X and EP2AYN.
YA1BW is very active on 10/15/20 meters fone and cw.qsl to DL6 FB8CD.Andre will QRT soon.You can reach him as F2IJ in France.
(From "The DX-er,by Svon Elfving,SM3CVM)

NEWS

ST2AR,Hale,says he is going to London on leave Sept.1 until Nov.1 and will miss VK9AD who is due Christmas Oct.1 and Oct.2
KP4AA,Jack,says no ruling yet by ARRL on country status of Baja Nuevo,KP4AA can't understand why so long!
VE1ID,Mike,on Grandview CKOZZ on 1410? Poor with VE7BS as ml last week the micropon keys were-silling CW8EL at 1800z to 1845. Also heard VP4? working europe but he did when I called,but Dowling was in right direction! W4GXB

Those who worked HC8CG recently may be interested to know that W4XIB does not handle his QSL's,W4XIB says he has received many cards intended for HC8CG,but none-all of the apparent reason. W5EM

Denny Weil sails this week for HC8.Will probably use HC8VS [illegible] expect to arrive by [illegible] (Friday of May 5) around 14050 kc cw. K2UYC

EDITOR-[illegible]

"NEWS"

We received the following telegram from W0AIW:
AIW0 CHARLIE FIVE CHARLIE QUEEN SEPT FIRST AM 14110 AND 14200 OR [illegible] TO 14100 QSL TO THIS STATION ONLY REGARDS-CAL WOAIW
AT 14110 14200 OR [illegible] 14100 [illegible]

From W0AIW.
As I promised,I am sending you the data on the India Ocean DX-pedition coming up this October.As you know the participants are [illegible], [illegible], W0BQY,and myself.Possibly VQ4AQ and VE8AO will join us for a portion of the trip,but this is not confirmed as yet.
The travel reservations are made and confirmed.The W0 contingent will leave Kansas City on October 12th and arrive Nairobi the morning of October 14th.W4GPD is presently in Europe and the plans are that we will rendezvous in Nairobi on October 15th.From this point [illegible] has taken care of the arrangements.
The S.S. Kampala sails from the Port of Mombasa for the Seychelles October 17th,arriving Port Victoria,Seychelles October 20th.The Radio Officer of the Kampala has agreed the Mombasa Mobile (operation aboard) S.S. Kampala,so we will probably operate VQ9AIW/MM.
Four or five days is the time allocated for the stay at Port Victoria.Then the return trip to East African aboard the 50ft. schooner "Farsecia" via Agalega,Farquhar,Astove,Aldabra,Comoro,etc.The exact itinerary and timing will be determined by the skipper Captain's recommendations and the weather.Thirty days have been allocated for this portion of the trip.
The licensing situation is tricky.The call VQ9AIW has been reserved for the remainder of the year.Harvey Beale,the schooner's captain,also has the call VQ9BB.Also,effort will be made to secure VQ9 calls for the other members of the party.In the Seychelles the prefix will be VQ9; At Agalega, VQ9,Portable VQ8;and at Aldabra VQ9,Portable VQ8. Access to Farquhar so the call at the present is unknown.
500 pounds of radio gear was shipped to the Seychelles in June and the remainder will be picked up in Mombasa.The crystals are all 100 kcs. 10 thru 80 meters.CW,AM,and SSB.But,I cannot find any of the bands other than 20,15,and possibly 10 will be useful for QSO's to the U.S.A.
In general,the following frequencies will be used:

CW	AM	SSB
28020	28020	28600
21020	21020	21400 or 21300
14020	14020	14300 or 14200
7020		

W4TO and the Southeastern DX Club have agreed to handle the QSL's for us.
Southeastern DX Club
[illegible] Chase,[illegible]
[illegible]
For direct reply the S.A. address is a must.All other cards go the bureau.
Also,no bureau,this is still a hobby.

73,
[illegible]

FY7YI needs Nevada and sez he is usually on 14050 at 0000Z,1000Z and 1800Z. W6FOZ

While working W8DWO he told me that he had QSL with K2HWT/ZD8MM 1[illegible] SSB 0500Z Aug 10.Navy ship anchored at Ascension Island.He said he [illegible] couple [illegible] request of [illegible] operation not known. W2[illegible]

Received first log from VR[illegible] [illegible] from [illegible] 1951. QSL's via Bureau unless S.A.S.E. [illegible]

"NEWS"

3A2BT.G3KZI,Joe,says his pal G3FPK,Norman,leaves England on Aug 25th for Monaco and will be on the air from there as 3A2BT from Aug 28th till abt Sept. 9th,AM and CW 10 thru 80 meters.Will be on 21150 at 1700 to 1830Z most every day tuning the American tone band.Also on 14090 CW from 2100 and 7.0-7.01 CW from 2300Z.QSL to G3FPK or via RSGB.
HC8CC.
In Bulletin No.33 W5EX reported that K4KYB said he knew nothing of the apparent bootlegger.Then we received a letter from New Yorkinot signed) saying that HC8CC keying and tone was very similar to a certain K4 !. Now a letter received today from K5MKD says he received a HC8CC QSL card from K4KYB and ARRL has given him credit for the QSO!!Whats going on hr?

VK3PM,Keith,says he will QSL when he returns to Australia next March.
W5PM

VQ4AB logs will be in the hands of his QSL manger in about three weeks.
WØQVZ

Wonder if anyone could help me with the mailing QTH of these:KJ6BV,Dick worked June 7,1959;KA0IK worked March 1960;KP4AL worked June 28,1958; ZK2AD worked March 22,1959 ?
K4SXR

Anyone needing a card from OK7AZ may for the present reach him direct at the following address:Jiri Mannelim,c/o Czechoslovakian Embassy, New Delhi,India.
WØJYW

UI8AF worked 8/28 (see reports)says his QTH is"Peking home of true communism" and his name is Keyong.The beam was N.E.
K5MWH

Some ZL1AH via ZK2AH.Vr1B is on 10,15 and 20 between 0600 and 0800 week days and 2200-0200 weekends.
ZL1AH thinks there will be activity soon from CR1ØAD.
VKØWH Macquarie Island on 15 and 20 fone will answer CW on Freq.

According to W5KGX, AC5CQ showed up this morning on 14160 at about 1230Z. Signals were weak and unreadable and he was heard working a CE2 then Q[illegible] Bet this is going to be a rough one to get!.

CR6CA will open up on the 13th or 14th with a HT32 and a beam from San Thome Island. From there will folow a few days each on Annobon (EAØ) and Aduja for possible new ones. Port. Guinea and some of the new African countries are also planned. W5KGX es WØPGI.

TA:DB: In a phone call to the FCC I am able to report the non-existance of W1FPB. The call is one that is not issued since its last holder let it expire within the last five years. Therefore TA:DB is a fony!.

ZK1BS; I now have the contest logs for the CW portion of the ARRL DX contest of Feb 21-22 1959. Those needing cards for this period please se[illegible] QSL and S.A.S.E..
KP4VR. Am also handling the QSL for Bob. S.A.S.E. or IRC's for DX.
W7ZAS

Via British newspapers and G3AAM, we learn that the MALI FEDERATION proclaimed a new country as per contacts after June 20th 1960, no longer exists. This was brought about by the action of Senegal in breaking away from the Federation on August 20th 1960. This may make it nice for those few who contacted FB8CK in DAKAR during the Mali's 60 day existance. This area may emerge later as two countries, Senegal and Sudan but it seems that the fluid situation coverong a good part of Africa will take some time before it can be pinned down and wrapped up for DXCC purposes.
Mike. W3AYD. visited K7AAA on Aug. 31 and picked up a E&W 51SB sideband exciter which will be delivered to VP2DA tomorrow. SSB operation from Dominica should start shortly or when W6VDJ/VP2DA next visits Dominica.

PY7LJ. Fernando da Noronna Isle, daily 2000/2100Z near 21050 CW.
From YASME Newsletter

Via post card to W5BJ. Gus. W4BPD states he will operate from IC11N about Sept 6th for one week then he will go to Mi-land .

VO4HT and a VE3 are going to VQ: Sept 23 to operate CW. QSL to W2CTN.
W5KC

BUZZ" station on 14025 through 14045 since last June 28 has been [illegible]ified as being of Spanish origin. The U.S. State Dept. has made for[illegible] protest to Spanish Gov't. but signal still on nightly. Suggest individual letters to FCC, Wash. 25, D.C. will keep up the pressure from this side. Info recented in last Bulletin: LU9ZX is Antarctica.. 3A2BW is W4BPD.. Alan K4SXR. Think KØIK was a phoney. KP4AL QSL to [illegible] W6NZW. ZD2AD QSL to W6ZVC.
W9GFF

SEPTEMBER 15, 1960

MEMBERSHIP LIST OF THE WEST GULF DX CLUB

DX STATIONS:- To become a RANGER and receive the handsome DX RANGER CERTIFICATE, the DX station must work twenty-five (25) members of the WEST GULF DX CLUB and QSL them. Then, send a detailed list (NO CARDS) of your contacts to the SECRETARY of the WGDXC. The list must be certified that all QSO's are correct and each contact was sent a QSL card. The recipient of the award does not automatically become a member of the WGDX Club.

"NEWS"

Air letter arrived from India today stating there will be no official [illegible] activity.I understand [illegible] at present. W5PQA

[illegible] VR3SE [illegible] VR3L,Jim is on from Xmas now though.(See QTH Below) K5ADQ

ZS1OU and XYL AS1RM going to ZS8 Oct 7 to 15,will be on CW 21030 KC.
VK2ANB (ex VR3A) transferred to Norfolk Isle.Awaiting VK9 call,will be CW around 0600Z.
VK2QL will be on 3.5 MC. during VK/ZL test 1000/1100Z or earlier and [illegible] to VK bureau.
ZL4JF will be active during VK/ZL test including 3.5 MC.
Frm VK2QL Via W5ADZ

Had a QSO with YU7LAA and he requested a Vibroplex.Wonder if anyone has one laying around that they would like to swap.Have a couple of 4/125A and other things. W9WIO

Re 9M2GR QSL.I received a QSL through the bureau only yesterday for a 2X SSB QSO with VS1JV who also is 9M2GR,name John,for QSO 5/14/60. [illegible] as Garrison Hq.,Minden Barracks,Penang,Malaya.He QSLed before receiving mine.
[illegible] in ARRL DX Tests last Feb. and VP2VA in early March.Both W[illegible]-also returned to VP2VA and worked 8/4/60.
I also need information on CR2AY for QSO prior to deadline. W5PSB

9/20/60.Talked to PAØFX who has received information via a W8 that Jo,CR6CA has postponed his DX-pedition until 25th Sept for some reason. K8JWL

For sale:Telrex 3 ele. 20 meter type 503 beam,sealed in unopened factory packing for $100.00. W4WDD

Sept 26.-This afternoon Joao.CE6CA,made the following statement;He has [illegible] today that he should use OR5MA,as OR5AA through IZ is reserved for Por[illegible] him on Sao Thome as OR5CA are valid,so say the officials and there is [illegible] his instructions regarding calling 5 to 10 kc. down and not to call until he has acknOwledged the other stations final transmission and called "QRZ". (W5INL)

OY7ML active on 20 CW and SSB at 2200Z and 0600Z,14020 kc CW and 14[illegible] last Saturday.

AC4AX is definitely back in India.He can be reached at the following address:E.E. Dean,c/o [illegible]

BY1PK as well as other BY's will not work W's as they believe the US is at war with China.

Does anyone know anything of FK8as's plans to visit Wallis again? (K2UYG)

OR6BX needs help in securing cards from:KJ6FAA,Harry.QSO 2/27/55
SV0WP ,Jim.QSO of 12/20/56

DL7AH,Harry,says he will operate LX3AX with DJ2KS in JW CQ test.

"NEWS"

The info that K2SQT was not logic in not true.I have before me a letter from Rickey,[illegible],enclosing fotos and saying that he made 1800 QSO's. QSL's go via W4AMM or direct to VU2OQ.he hopes to make the trip again soon.

The preparation for the Laccadives expedition in January 1961 are well advanced according to Raju,VU2NR.

Brian,MP4BDA will be operating from DJØ and EI in addition to ZB2 on Nov.24 to Dec. 2.W's call on 14035 and listen on 28[illegible].This is important, TROM will probably assist with the operating from ZB2.

5A3CAA,ex MP4DAA will be on SSB soon.P.O.Box 263,Benghazi,Libya.
(G2BVN)

Lambert,ZS6IF says he will operate Nov. 13 to 22 from ZS9.Will be on lower end of 14 and 21 and 7MC.

[illegible] is [illegible] for his Reggi Certificate and now has 17 [illegible].
(W5PM)

AC5PN was heard here Sunday morning with a fine signal via the long path.I got up late and did not hear him until abt 1240Z.Freq.was abt 14064-note is steady with a slight ripple.He left the air a little [illegible] as a result of a favorable performance by one of our east coast DXers.
(W5HDS)

British Cameroons(ZD2) independent now.Have hrd ZD2GWS on 14 MC. CW working Europe around 2100Z.The "NEW YORK TIMES" reports that Br. Cameroons takes a vote in Feb. 61 to go dependent or join Nigeria.

9U5MC heard on 14 MC CW at 2200Z QRS operator,14025. 1st reg CW opr. frm. 9U5,I believe.

Anyone ever have trouble with a T-7 T-8 note with a Valiant Xmtr.Please send cure if anyone knows. (K2JYG)

ZL4JF has a replacement and will leave by 31 Oct. for good.(Via ZL2GX)
(W2KQL)

W4RHE(W8DPF/4) has a new assignment in Darwin,Aust.He is taking his [illegible] and [illegible] notice of the [illegible] will be only several hundred miles away! (W4QOW)

CE3AG,10/7/60.said he planned no dx-pedition at present. (W6AM)

Gus W4BPD and party left Kenya Oct.15 for VQ9 land.Seychelles.They are [illegible] to leave Seychelles today and operate from Algaloga Island(VQ8) until about Oct.20.

[illegible] is [illegible] a [illegible] signing [illegible] on [illegible] on [illegible].

FR7ZD is now back on CW only as the W6UOU xmtr has been sent to VQ8RC. [illegible] is planning on visiting the [illegible] Texas also. (W5PM)

YN1TAT ,Dave and others leave for San Andres Island to commence operation on 10,15,20 and 40 both Phone and CW from Nov.19 to Nov.26.The call will be HKØHCA. (W5FJ)

ZD2HJG failed to received about 300 QSL cards sent to his previous address.If you worked him prior to Jan.30,1960 and have time to write the following address you may get results:H.J. Groves,c/oDecca Navigator Co.Ltd. [illegible] England.

On August 1st 1960 the prefix for Korean nationals was changed from HL to HM.HL9 remains for stations operated by US personnel.The HQ. station of the Korean Amateur Radio League(HL9TA) is now HMØHQ and HM9A is the HQ [illegible] Science Exhibition in Seoul.Korea now has 5 call areas.QSL's for HM stns may be sent through KARL at Central Box 162 Seoul. (RSGB Bulletin)

[illegible] and I am hopeful he will forward those logs so I can complete the QSL'ing. QSL's for ZE8JJ now go to K5ADQ with S.A.S.E.. (K5ADQ)

Cyprus-Letter from G2MBS to W5PM.
On 15th Aug. the British Crown Colony of Cyprus ceased to exist,and the authority was vested in the independent Republic of Cyprus. However the British retained two military base areas of total area 99 sq. miles which remain under the Sovereignty of H.M. Queen and are administered by the Military authorites.There are two sovereign Base areas.The Akrotiri Base area near the town of Limassol and the Dhekelia Base area near Larnaca. Certain administrative functions in the Base areas have been delegated to the Republic of Cyprus,this includes the issue of Driving lisence etc. This explains why Hams in both parts of the Island still sign ZC4. I understand that the country status here is being investigated by ARRL,but I don't know the outcome of this.There seems to be a good claim for seperate countries based on the differing sovereignty of the two parts of the Island. For full details consult the British Govt.White Paper on the Cyprus Treaty published on July 6th,1960. (W5PM)

Harry,HR6JBM/K3G is now WA6OJY,7802 Merito,San Bernadino,California.
Chuck,HS1E now may be reached via his mother at Box 23,Pinedale,Calif. He is in Wash.DC on Duty and will have permanent QRA soon.He does have his old logs! (W6DNK)

VK4RZ sayes that he might go over to Norfolk Island around Christmas.

* (W9WIO)

Al,CR4AX still needs Nevada,South Dakota,Montana and Vermont for his WAS. He is on 15 meter AM every evening from 2100-2300 GMT.If anyone would like some help in working him just drop me a line.Remember he leaves the last of December for Portugal.(Dec [illegible] Indiana)

*

I have received a interesting letter from the ZD2 QSL manager,ZD2JKO,who will go on leave in a few days and will be back in Nigeria in May 1961. He says Nigeria has applied for a new bloc of call signs to replace ZD2. Be sure to look for activity from British Cameroons in the next few days as ZD2KHK will be going there if he can get a license.He was not able to get one thru Nigerian authorties so he has applied to the colonial Office in London for a license.He will not be using a ZD2 call.Br.Cameroons is independent until a plebiscite is held in February 1961.They will decide to join Nigeria or Cameroun(FE8).There in no chance of Br. Cameroons becoming independent after the plebiscite so it will be a seperate country until Feb. 11th.Don't pass it up!. ZD2GWS was there until two years ago when he left for the U.K. to retire.

QSL's from ZD1GM are a lost cause.ZD2JKO has sent him two letters(ZD1GM is now in Nigeria),ZD2DOP has sent two letters and ZD2ATU has also sent a letter but none have had any sucess with him.To Mike's(ZS2JKO)knowledge,ZD1GM has never sent out any QSL's to anyone.ZD2ATU works for the same firm in a different town but even he was not able to coax a reply from him.

ZD3E was killed in an automobile accident in March,1960.There is no other ZD3 activity at this time.ZD3S is a phoney.ZD1AW has closed down leaving ZD1GM who will be there for a year.ZD2JKO was active in both the phone and cw portions of the CQ WW DX test.He made 500 QSO's in the phone portion but only 105 with W/K's.

ZC3AO QSL's are rolling again. ex FL8AB is now F8UD and he will answer QSL's that have gone astray. (K2MYG)

ARRL returned KV4AA's QSL from ZC4AK stating as follows:In view of the unstable nature of Military Bases,looked at from a long term point of view,the concensus of the Committee is that Military Bases,as such,will not be considered as separate(countries) . ZC4AK has stated that these Cyprian BASES are British Sovereigh areas possibly more so than the precedent of Guantanamo Bay which is a seperate country..

FF7AD showed on 21100 between 1800 and 1830 Z Nov.30th CW. Marcus Island will again be on for a few days beginning December 11th He will be CW on 14040,21040 and 28040.QSL via W7PHO. . .K6UAW and gang will make another try for Malpelo Island appox between Jun 13th and 19th.(From Yasme Newsletter).

*

From MP4BBW(12-7-60)Jim will be on from Qatar starting about Thursday(8th), then Trucial [illegible] possible Sunday(11th) then from there to the Neutral Zone between Kuwait and Saudi Arabia somewhere next week if he and Mundy can get a visa. (W5GNG)

To: Single Sideband Station_____
Subject: Voluntary Twenty Meter DX Reservation
Dear OM:

Whether you like to work DX or not,I'm sure that if you look at the proble objectively,you will agree that if a very small portion of the 20 meter band re set aside for exclusive use of foreign SSB,it would do amazingly wonderfu things for the betterment of international contacts,without depriving the Am icans of any significant portion of the band.The 5kc between 14295 and 14300 could be devoted to this worthy purpose,provided all americans amateurs(Espe ially those not primarily interested in DX) could be persuaded to cooperate.

I have volunteered to observe and promote the following operating practi on 20 meter sideband.Furthermore I am making at least 10 copies of this lett and mailing it to "W" alleyhunters I have heard on in the past month.I sincer hope you will do the simple thing.It will be difficult to find a worthier cause in interest of harmonious 20 meter SSB operation.

1.Starting immediately I will consider the region 14295 to 14300 kc excl ively for the transmitting use of non amateurs outside the continents of Nor and South America.It will therefore be my listening region for good,QRM free DX,including dxpeditions,24 hours a day.

2.This segment is selected in preference to 14345 to 14350 in order(1) t provide the best edge for calling,and(2) to prevent the "withering arm" eff of commercial overloading which conceivably could result in loss of the seg due to "poor utilization"in the absence of Ws.

3.I will never transmit in this region,nor will I ever operate so close in that my sideband can the region.I will call and contact foreign SSB stat by setting my transmitter frequency above 14301 or below 14292.

4.I will voluntarily honor this reservation as proposed by the Mark IV D Assn. In fact a day even though at time at my QTH I can hear no activity in th district of the band.It is understood that nothing is implied in this arrange which will prevent me from using other transmitting frequencies,if they d desire. 5.If I find occasion to ask a brother American ham to QSY out of t DX reservation,I will do so with all the politeness and diplomacy at my comma

Yours for a better 20 meter band,

73,W2ZX

P.S.This project cannot succeed without nation-wide circulation of this infor tion.Please do not hesitate to make 10 copies and mail to your sub buddies and please include this postscript.

"NEWS"

Official W1AW Bulletin No.777
The following constitute 3 new and separate country listings,each to become acceptable for DXCC credit March 1,1961.
Kaliningradsk Region.Confirmation for stations must be dated November 15, 1945 or later.These stations have used the prefix of UA2.
Mali Republic.Confirmations for contacts with Mali Rep. stations must be dated June 20,1960 or later.
Senegal Republic.Confirmations for contacts with Senegal Rep. stations must be dated June 20,1960 or later.
The following constitutes a deletion:Mali Federation.This listing is deleted and replaced by the Mali and Senegal Republic listings.If DXCC credit has been given towards the Mali Federation listing,credit will be automatically transferred to the new appropriate list.Credit may be currently claimed for either Senegal or Mali Republic confirmations but which ever one is claimed then credit for the other cannot be claimed until March 1,1961.For more detailed announcement of the above see DXCC notice in January 1961 QST.....
(Tks to the DX"BU)

[illegible] will leave about Dec.15 for Seychelles.He has applied for permission to operate Maritime mobile enroute on Dec.17 and 18.If granted this will be the first MM ZE4 in history.He will be on the air in Seychelles from Dec.[illegible] to Jan.3 or maybe thru Jan 20th.His AC power will come from an AC gen[illegible] at a hotel there and it will not be running in the daytime.He expects to start operating each day at 1515Z. (W5FJ)

*

[illegible] writes to inform us that he is not the QSL manger for ZD7P.

*

Received a very nice letter from Leny,VQ4ST(exVQ8CL on Chagos) and hw would like to be remembered to all the WGDXC gang.He and his family send very best wishes for the holiday season.
He also mentions that VQ9HB will probably be in Chagos in late May 1961 for some 2 months.His QTH is Box 621 Nairobi,Kenya. (W5PQA)

*

We did not publish a Bulletin between No.45-60 Dated November 24 and No.46-6 Dated December 7.This was due to my XYL being in the hospital.de W5GNG.

*

Heard a LU working VS9SA.This may mean there is activity on Socotra Island.
Heard 12/5/60 at 0400Z on 14031.(K6CQM)
Rep. of Congo:FQ8BD in Brazzaville showed up on Dec.5 at 1525Z on 14075.
(K6CQM)
New prefixes:Nigeria 5N2,Sultanate of Oman 9O2,effective Jan1,1961.
No change in ZD2 Br. Cameroons calls.(VIRON DXpress)

* [illegible],Jack just received a letter from ex JA6DA who is now located in Qatar and he is QRX for his MP4Q call.He works for the Shell Oil Co.there.

W5GNO & W5KGX
Editors of the Bulletin

President W5VU Vice President W5CE Sec.-Treas. W5PM

"NEWS"

Dear O.M.'s

It is the time of year to stop and give thanks. I [illegible] are there are a lot of things individually that we can give thanks for [illegible] there are many things collectively that we can, all give thanks [illegible]

I am sure that all of us are thankful for a fine hobby [illegible] amateur radio and the fine friendships throughout the world [illegible] privilege of DXing has made possible. I would like to extend to all [illegible] on behalf of the officers, the bulletin editors and other [illegible] members, our most sincere wishes for a Merry Christmas and hap[illegible] for the new year.

After months of taking down the stacked arrays at the old QTH, moving and reassembling at the new QTH, I am finally at long last about ready to go again, so I will be looking forward to seeing all of you on the air soon.

73,
Forward J. Tucker-President-W5VU

W5KGX wants information that would help in getting QSL's from VE9GA, FU8AC, VJ8RF. He also needs address of VO9TM I.RIF.GAS

I am now QSL manager for 9X2AD for all QSO's in 1965. (pre 1960 via W6AVQ) My QTH is; Bud Frokaret, W9GFF, 3620 N. Oleander, Chicago 34, Ill.

From DXpress of VE9OU comes word that the Marcus Island had to be called off. Several of the expedition members were transferred

Aslo from DXpress: Last week FF8CW was active from Senegal for two days only. This DL9KR, flying the Germany/Dakar route quite regularly he has a [illegible] which he fired up 8-10 Dec. for a try [illegible] way or back there this month and will try to go to Mauretania FF7 [illegible] last FF8 next January. While his flying roster is a bit irregular it is [illegible] his next trips. He favors 14070, 21070 or 28070 for CW and [illegible] 14290, [illegible] 28645 for [illegible] VK8RW has applied for a CR10 Port Timor [illegible] for next spring may be expected.

Vice President W5CE

Sec.-Treas. W5PY

"NEWS"

Ian,ZB2AD says he will be on 14015 every Monday from 2000 GMT looking for West Gulfers Aslo he says ZB2HO as recorded in recent bulletin is a phoney. ZB5AS is no good either.. (W5GNG)

*

[illegible] Island is now on stat 14000 each Monday night 10:30pm to midnite CST(Tuesday 0430 Z his time). (W5IGJ)

*

On January 6,1961 at 2000 GMT-2400 GMT ZS2MI,Marion Island along with [illegible] will be on [illegible] to work as many W's as possible [illegible] used [illegible] from ZD9AM on other modes expected to continue. (K6LAS)

*

Have just received letter from Shankar AC4AX with his present address,he just returned as of(11-23) to Lhasa after vacation in VU-land.He ask that NO mail or telegrams be sent via China nor via Chinese post under any circumstances,but to the following address only:D.S Sen,VO,Consulate [illegible] of his cards will count for the new one.(Editors note-Bill's letter read HA3BP/HC9 however he could have meant/(A2) (W5ASG)

*

Via HC1FG,The Marions Island expedition is off unfortunately according to information from the ZL club too which most of the gang belong.-W9UM)

*

ZB4CW going to Mahe Island and operate as VQ9ZB(in the Seychelles).Will operate for one month QSL to W5RHY. (KB6CD)

*

[illegible],Eastern Caro, is often on from 0700 to 0200 GMT QSY'ing KX6BQ. W5KGX heard W6's and 7's calling AC3AL, 2/28 on 14030, Abt 0200 Z). (W5KGX)
